## Absentee Ballots Not Now Likely To Change Results

Defeat of fluoridation and nomination of Everett A. Matzen of Petaluma as Democratic candidate for State Assembly were confirmed today with completion of counting of about 850 Marin absentee ballots.

**\$3,500 Loot**

## Taken At Stinson Beach

Looters, apparently using a truck, carted off \$3,500 to \$4,000 worth of household appliances, jewelry and antiques from a Stinson Beach home last night.

Victims were Stephen Marvin, a school teacher, and his wife, who occupy a home on Panoramic Highway just above Stinson Beach. They were away from home yesterday from about 7:45 a.m. to 11 p.m.

When they got home last night, they found the home in shambles. Deputy Sheriff William S. Christensen and Identification Technician Raymond Barton reported from the scene today that the rear door had been pried open for entry, and tracks showed where a vehicle had been used for the big haul.

Among items missing are a refrigerator, television set, sewing machine, two typewriters, irreplaceable antique snuff boxes worth \$1,000, jewelry including an \$800 brooch, and other appliances.

The modern home, only recently built, was completely ransacked. Deputy Christensen described the looters as thorough and messy. The thieves had also consumed food and beer.

## Mrs. Duncan Gets Execution Stay

WASHINGTON (UPI) — Supreme Court Justice William O. Douglas today delayed until June 27 the execution of Mrs. Elizabeth Duncan and two men convicted in Ventura, Calif., last year of murdering Mrs. Duncan's daughter-in-law.

The men who confessed to kidnapping and strangling the victim, are Augustine Baldono, 26, and Luis Moya, 20.

All three were scheduled to die in the San Quentin gas chamber next Friday. The delay will allow the Supreme Court to act on their appeals.

## Opponents Of San Rafael Freeway Widening Plan Organize To Resist

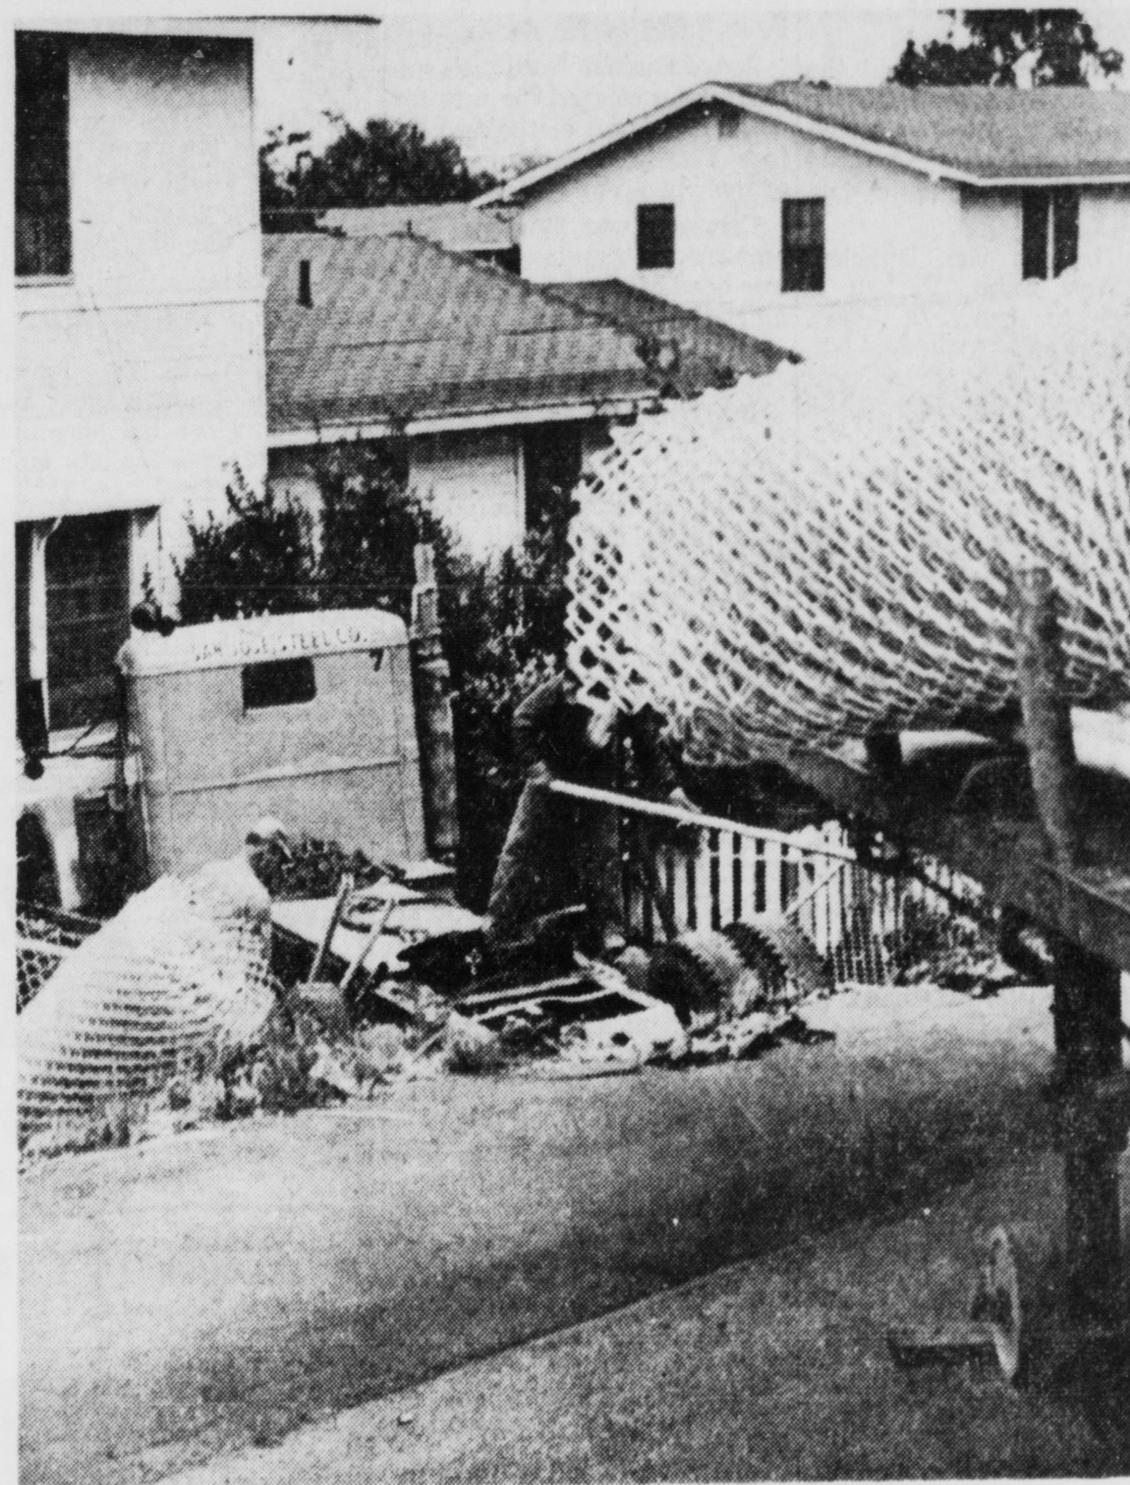

The first organized resistance to widening of Highway 101 through San Rafael has been formed under the name, "Community Preservation League."

Under temporary chairmanship of E. M. Stanley, an engineer who lives at 1700 Grand Avenue, the league was formed by a group of residents in San Rafael's Dominican College area after they saw plans of the proposed new eight-lane-wide Highway 101.

Mrs. Max Thelen Jr., of 199 Mountain View Avenue heads a committee which will draw up a list of the league's purposes, to be circulated among

### LOOK WHAT CALLED AT THE BACK DOOR

Edgar J. Nannini, San Jose truck driver, parked a truck-trailer just outside the gate of Hamilton Air Force Base about 8 a.m. today while he went to inquire where to unload pipes and fencing he was hauling for the base's Capehart Housing Project. While Nannini was gone, the truck's brakes let go.

(Independent-Journal photo)

Moments later, Mrs. Albert E. Lewis, in her home just inside the base, was jarred awake by what she thought was an earthquake. It was Nannini's truck-trailer, here seen against the house with its load partly thrown off as it rolled downhill. The Lewis' 22-month-old daughter slept through the crash.

## Trading Stamp Gain For State Seen By Mosk

LOS ANGELES (UPI) — Atty. Gen. Stanley Mosk says California could make millions of dollars if it recovered from trading stamp companies the value of unredeemed stamps.

Recovery could be made under the state's Unclaimed Property Act passed by the Legislature last September, he said yesterday.

The law says unclaimed or unredeemed property reverts to state ownership after a certain given period, usually seven years.

Stamp companies currently pocket all profits that accrue when consumers neglect to redeem issued stamps.

is in good shape, he added. There will be six women and girls aboard and 18 men and boys, the Wanderer's skipper said.

The feminine contingent includes Dr. Stone's 13-year-old daughter, Catherine; Miss Alex Connell, an art student of Pebble Beach; Miss Joanne Judge, San Francisco, messenger clerk; Miss Jean Williams, Texas art student; Mrs. Bertanne Ogden of San Francisco, a physical therapist, and Mrs. Art Clarke, who is accompanying her husband, an accountant. The Clarkes are of Los Angeles.

The males include Joseph D. Price of Bartelsville, Okla., a structural engineer; Benjamin Temple, a New York businessman; Douglas Homs, 16, Palo Alto student; David Brian, 18, San Jose student; Hugh Reilly, 18, son of Mrs. Frederick Scatena of Ross and an engineering student at University of California at Berkeley; Robert Chamberlain, student; Charles Linderman, 18, student, and Thomas Morgan, sophomore at Stanford University.

Among the crew members are Peter Campbell, mate, of Ireland; Grant Cooper of Los Angeles, and Richard Thorson, cook, of Sausalito. Cooper made the return trip from Tahiti last year with Hayden.

The itinerary includes the Marquesas, the Society Islands, including the port of Tahiti; and the Tuamotu group.

With but about three of the charter members being experienced at seamanship, Mrs. Darr said, some of the time on the outgoing voyage will be

the present viaduct for northbound traffic; a second to construct a new viaduct to the east; and a third to add another deck to form a double deck viaduct on the present route.

From the north end of the viaduct to Puerto Suello Hill two alternatives are proposed,

A public hearing on the widening project is scheduled for June 30 at 2 p.m. also at the school cafeteria.

At the southern end of the project between the San Quentin Wye and the present viaduct, widening is planned on the southwest.

Along the viaduct three alter-

natives are proposed: one to construct a new viaduct west for southbound traffic and use

# Tokyo Mob Fights President's Visit

## Leftists Smash Auto As Hagerty Arrives

(See Radiophotos on P-5)

TOKYO (AP)—Ten thousand screaming leftists demonstrators, fighting against an Eisenhower visit to Japan, besieged the car of White House press secretary James C. Hagerty for more than an hour today, slashing the tires and cracking windows.

Finally, a helicopter was used to rescue Hagerty, U. S. Ambassador to Japan II, and White House appointments secretary Thomas E. Stephens. None of them was injured.

Hagerty and Stephens had just arrived to scout Eisenhower's trip, and started into Tokyo from the airport, along the route. Eisenhower is scheduled to follow nine days hence.

Hammons said the drop in population was attributed to the loss of two Air Force squadrons shipped out of Hamilton Air Force Base after the special census was taken.

Novato did pick up some new residents after the special census, Hammons noted, as the number in the squadrons shipped out was greater than the 256 decrease.

Figures for Marin's other nine cities and for the county as a whole were announced earlier this week. The Novato announcement completed preliminary census total announcements to be issued by the Bureau of the Census in Washington sometime next fall.

Novato's brief hold on the claim of "largest city in Marin" vanished when a population of 20,293 was announced for San Rafael.

The county total was announced as 145,545, up about 70 per cent since 1950.

Sonoma County totals were announced yesterday by Hammons. They showed Marin and Sonoma now virtually tied in population. The Sonoma census total was 145,793. Ten years ago, Sonoma had a total of 103,405 residents to Marin's 85,619.

None of Sonoma's cities gained as rapidly during the decade as did those in Marin. Santa Rosa showed a total in the new census of 30,693, less than 60 per cent above its 1950 population of 17,902. Petaluma tallied 13,967, less than 30 per cent above the 10,315 of 1950. Sebastopol showed a decline of 57 persons in the 10 years, with population now 2,674.

Hagerty, here to complete arrangements for Eisenhower's visit, said the demonstration was obviously carefully planned. He said the fact that the demonstrators were singing the "Internationale"—the song of international communism—raised doubts whether they even had allegiance to Japan.

KISHI TARGET

The demonstrators claimed

their real target is Prime Minister Nobusuke Kishi because his Liberal Democratic party

pushed the new U.S.-Japan security alliance through the lower house of Parliament.

The demonstrations had been called out by Zengakuren, Japan's extreme leftist student federation, and the Left Soyo Federation of Labor Unions.

Japanese police finally cleared an opening and a Marine helicopter picked them up and flew them to an Army base.

From there they drove to the back gate of the heavily guarded U. S. Embassy and slipped in, escaping 8,000 demonstrators massed out front.

Hagerty refused to see lead-

ers of the demonstrators, and

the crowd settled down for an all-night vigil in front of the embassy.

NOT FRIENDLY

A police spokesman said vio-

lence was not anticipated since

the leftists had been orderly

at a demonstration June 4.

Hagerty said he figured the

demonstrators intended to

harm him, adding: "I don't

think it is friendly to throw

stones or have people climb

the roof of the car and smash

windows."

# Nixon Turns Away 'Rival' Rocky With Calm, Confidence

By ARTHUR EDSON

CAMDEN, N. J. (UPI) — As far as Vice President Richard M. Nixon is concerned, a soft answer turns away potential rivals for the Republican presidential nomination.

His public reply to the public challenge by Gov. Nelson A. Rockefeller of New York came yesterday.

Rockefeller had brought out his long range political guns to fire at defects he said he saw in Nixon and the Republican party.

Nixon fired back — with marshmallows.

In a hastily called news conference the vice president confidently and calmly:

## Boaters To Observe Safety Day

Tentative plans for a "Safe Boating Day" observance July 4 were discussed last night by representatives of Marin organizations concerned with boating safety.

Members of the Marin Power Squadron, which called the meeting, Marin flotilla of the Coast Guard Auxiliary, and Marin County Sheriff's Marine Patrol formed a "Safe Boating Week" committee to plan activities. Safe Boating Week is July 3-9.

Activities for the special day observance will be held at a local yacht harbor, Ken Molino, spokesman for the power squadron, said. The committee hopes to have a display from the Coast Guard. The Coast Guard Auxiliary will step up its courtesy boat inspection program and inspect as many boats as possible for safety.

Demonstrations of safe boat handling also are tentatively planned. Members of the sheriff's marine patrol will be on hand to discuss their duties and possibly demonstrate search and rescue.

Power squadron members will distribute information on their classes.

The goal during the week will be to inform the public that these organizations exist to promote safe boating all year 'round, Molino said. Other organizations interested in participating in the week's activities are asked to contact Molino at 130 Woodland Avenue.

Chairman of "Safe Boating Day" will be Capt. Guenther E. Schmid, head of the sheriff's marine patrol. Cmdr. Alfred Schwarz of the power squadron and Molino are publicity co-chairmen. Forest J. Sur, commander of the coast guard auxiliary, will be in charge of inspections, and J. F. Hetrich will be the liaison between committee and Coast Guard.

The committee set next Friday at 7:30 p.m. in the courthouse for its next meeting.

**Death Penalty End Due 'Before Long,' Criminologist Says**

BERKELEY (UPI)—A retiring University of California professor of criminology predicted today California will abolish the death sentence "before long" and other states will follow suit.

Austin H. McCormick, one of the nation's leaders in prison reform and in the study of crime and punishment, said he was convinced that capital punishment, if it accomplished anything, tended to increase the murder rate by making conviction more difficult.

"I'd like to see a moratorium of five years or so before the capital punishment statute is removed from the books though," McCormick said.

The professor said he did not think opposition to the death penalty should be based merely on an individual case, such as that of Caryl Chessman.

McCormick praised California's prison system as the best in the nation with the federal system a close second.

After his retirement later this month, McCormick will devote his full time to the Osborne Assn. in New York.

**Brown Backs Mosk For Top Democratic Post**

SACRAMENTO (UPI)—State Atty. Gen. Stanley Mosk was in the running today for the post of California's Democratic national committeeman after his surprise nomination by Gov. Edmund G. Brown.

The governor said that "Mosk's selection will assure the strongest possible united Democratic effort to carry California decisively for the Democratic nominee for president this November."

He added that he was "confident Stan will be selected overwhelmingly."

There has been considerable pulling and hauling within the Democratic party over the post. On April 26, Brown and eight other top Democrats, including all the candidates for the post, signed a pact not to fight among themselves before the primary.

Previously discussed as candidates for the job were Assemblyman William A. Mun nell of Los Angeles, who is

state Democratic chairman; Sen. Hugo Fisher of San Diego, and Dan Kimball, secretary of the Navy under the Truman administration and

now president of Aerojet-General Corp.

Brown said last month he preferred that the national committeeman not be a public office holder "because I believe that we should divide the few rewards and honors that come from participating in public life."

But he added that being an office holder was "not a bar sinister" because other factors were involved.

In another party move last night, Munnell announced a meeting of Brown's Democratic delegation in Sacramento June 18 "for the purpose of organizing the delegation and considering other important matters."

**Population Nears 6 Million In L.A.**

LOS ANGELES (P)—Los Angeles County has a population of 5,987,246, the Census Bureau announced today.

This is an increase of 1,835,559 or 44.2 per cent over the 1950 count of 4,151,687.

Leonard C. Isley, regional field director, said the figures are preliminary and final totals will not be computed until November or December. He predicted the final count will show Los Angeles County over six million.

**Coast Guard Recovers Body Of Shark Victim**

SANTA BARBARA (UPI)—Sheriff's deputies tentatively identified the body as that of deep sea diver Paul T. Lovette, 36, a native of Salsbury, N.C., who had been living here.

The body was found about 11 miles south of debris believed to be of the 42-foot boat Marie, a converted Navy landing craft which carried the scientific party of seven.

The debris was located 10 miles off of neighboring Santa Cruz island.

The debris included lifejackets and large planks, which indicated the ship might have exploded.

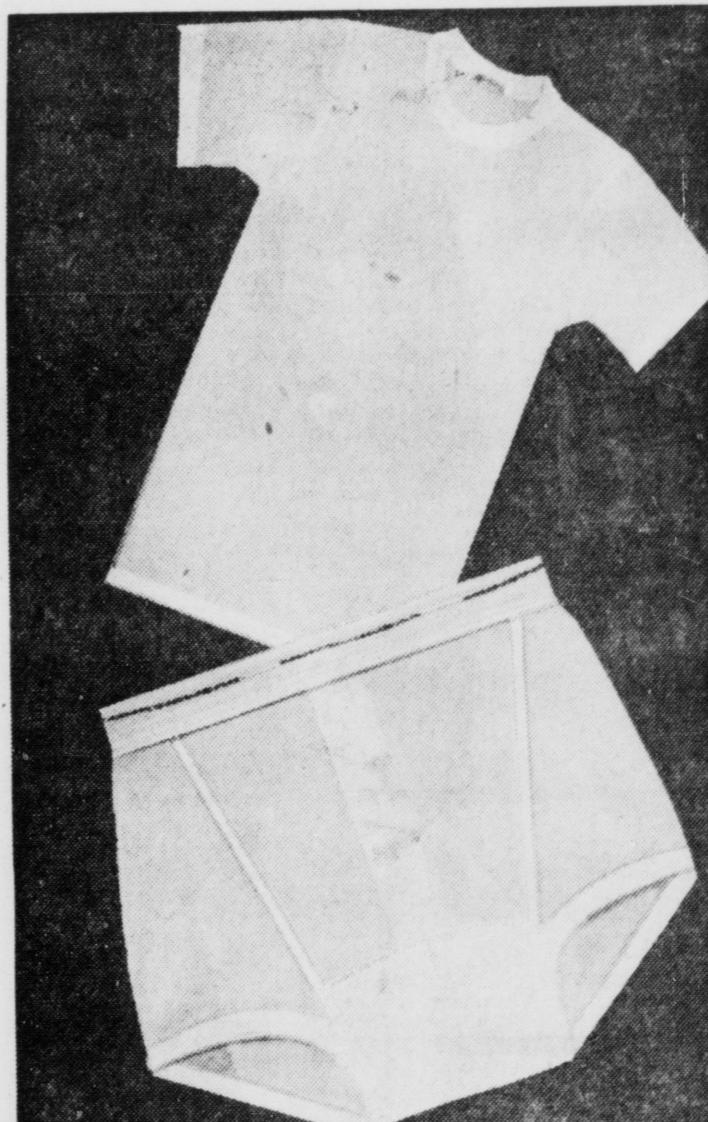

The Marie was due back in port at midnight Tuesday but has been unheeded from since. The craft left on its expedition early Tuesday. It had no radio aboard.

The four bodies were sighted by airplanes searching for the overdue craft yesterday. But it grew dark before two Coast Guard ships could pick up any of the bodies other than Lovette's.

## Police Chief To Clamp Down On Rubbish Dumping

San Rafael Police Chief Charles J. Chiesa announced today he is intensifying the drive to clamp down on indiscriminate dumping of rubbish in the city limits.

The chief said his department is acting in full cooperation with the city council, which announced Monday that all dumps must cease operations immediately.

Patrols will be on the lookout for trash dumping, not only along San Quentin Road but in other areas, such as Rafael Highlands and Southern Heights Boulevard where complaints have been registered against roadside dumping.

## CRUISE

Continued from page 1 taken up with lessons in navigation.

There was last-minute loading of supplies this morning aboard the Wanderer at Sausalito Yacht Harbor. Among the food is lots of frozen meat, fresh food and canned items. Darr said—"We're going to eat well."

### Second Rose Bowl Dance Is Tomorrow

Larkspur's Rose Bowl will swing for the second dance session of the season tomorrow from 9 p.m. to 1 a.m. with the music of Johnny Cordon's orchestra.

More than 500 persons attended the opener last Saturday, according to Fire Chief George Bartram.

### Former Marin Women Dies, Husband Hurt

Carl C. Clow, 75, former Marin County road commissioner and county engineer, was in serious condition today with chest injuries suffered in a Mendocino County accident, which killed his wife, Lois, 67.

Mrs. Clow died last night at Santa Rosa Memorial Hospital with multiple fractures. Clow was in critical condition after the Monday afternoon mishap but was reported improving this morning. His condition was described as serious.

Mrs. Clow was a cousin of Norris Rawles, San Rafael public works superintendent.

Clow worked for Marin County for years before he retired in 1953 and went to live in Philo, Mendocino County.

According to highway patrolmen in Ukiah, Clow was driving west on Highway 128 about four miles east of Yorkville about 3:30 p.m. His car went off the highway and struck a tree. The exact cause of the accident was not known.

### Suit Dismissed Against Would-Be Marin City Builder

A federal judge in Los Angeles yesterday dismissed a receivership suit against millionaire North Hollywood contractor Hal B. Hayes, who once undertook redevelopment of Marin City.

Continental Casualty Co. had sought appointment of a receiver for Hayes Construction Co. and an audit of its books. Judge William C. Mathes of U. S. District Court, however, found that all issues could be handled by a state court. Hayes has filed a damage suit for \$4,100,000 against Continental.

In 1955, Hayes signed with Marin County supervisors to redevelop Marin City, but the federal government less than three weeks later called the deal off.

## Squatter Battles Eviction

A 59-year-old Greenbrae resident, armed with a two-foot cudgel and a determination to protect his "squatter's rights" in a creekside shack, held the State Division of Highways at bay for a few minutes yesterday.

LeMar Edwin Norval Gunn went down swinging his club before State Police Officer Richard H. Haskens, 28, who arrested him on suspicion of assault and resisting arrest.

Haskens told Sheriff's Deputy George Barnes he had orders to evict Gunn from a shack on the north side of the creek just east of the old Corte Madera bridge so state engineers could continue work on the interchange there.

Gunn was ready for the state when Haskens arrived about 10:45 a.m. With club in hand, Gunn declared: "I am not going to leave. This is my home," according to Haskens.

Haskens said Gunn then proceeded to back up his claim by clubbing the officer's arm. Haskens took the club away and entered the house, explaining that Gunn was trespassing on state property. The officer gave him one hour to leave and offered to help him move out his belongings. He reported that Gunn then shoved him and nearly toppled off the boardwalk into the creek in the process. Gunn also kicked him, Haskens said.

The officer called for help, and Deputy Sheriff Barnes arrested Gunn and jailed him.

Gunn was in jail in lieu of \$630 bail today.

**HAGERTY STATEMENT**  
Hagerty told a news conference after checking with the White House by telephone that Eisenhower still would go to Japan: He and Stephens checked back with the White House after giving this report to newsman.

Eisenhower's insistence on going through with the trip reflected what his aides said was his belief that abandonment of it might lead to a crumbling of the anti-Communist front so carefully forged in the West Pacific.

# Rapid Transit Vote Put Off For A Year

Voters will not ballot on a rapid transit system for the Bay Area at this November's election, and a bond election to finance such a system will not be held until the late summer or fall of 1961.

That was the decision of Bay Area Rapid Transit District directors yesterday afternoon.

Clair MacLeod, chairman of the committee on rules and policy, reported that time limitations placed on the district by law make it impossible to hold the election this November.

MacLeod received 60 days more for the committee to reach agreement on an election date.

**98 MILES**

The directors received from their engineering consultants recommendations for a transit system which the district could construct under its present financial ceiling.

The \$16 million dollar system would furnish 98 miles of rapid transit to Marin and the four other counties of the district.

The Marin line would start in downtown San Francisco, go in subway under Post Street to Spruce Street, then elevated along the middle of 125-foot wide Geary Boulevard to the Presidio, tunnel through the Presidio to the Golden Gate Bridge, and cross the bridge on tracks laid below the present highway deck of the bridge. It would tunnel through Waldo Mountain to the first Marin stop at Marinship in Sausalito, then follow the NWP right of way to Mill Valley, tunnel through Alto hill to a Corte Madera station on the east side

of the Corte Madera cloverleaf, again follow NWP tracks to a station in San Rafael and to the terminal on the east side of Highway 101 at Terra Linda. Previously it had been designed to terminate at Ignacio.

The other branches of the routing also were trimmed down, reducing the entire system 34 miles from the previously suggested 132 mile routing.

## DELAY FOR MARIN

The financing plan, however, calls for delay in construction of the Marin portion of the line until "later in the programming." Engineering consultant Walter S. Douglas said that "major elements" could be built first and put in operation within five to six years if bonds were approved by the voters.

However, because of the bonding capacity of the district, it would not be possible to finance the other portions of the system until eight to 10 years after bond approval.

Under the proposal, which was referred by the directors to both their engineering and finance committees for study and report, a bond issue for the full amount of the project would be put before the voters.

However, some of the bonds could not be sold until the assessed valuation of the district increased enough to back them up. The district needs about 200 million dollars more than its present bonding capacity.

Dorsey, who is developing the home site for J. E. Madrigali of Alameda, new manager

of the Pacific Telephone and Telegraph Co. of San Rafael office, said the land was perfectly safe for the house, and that its foundation would be concrete piers.

Mr. and Mrs. William R. Deeths of 74 Wellington Avenue led the group, which included Mr. and Mrs. Houghton S. Hall of 75 Wellington Avenue; Navy Capt. John G. Lewis of 5 Redwood Road; E. N. Wilson of 81 Wellington Avenue, and Dr. Marjorie J. Palmquist of 80 Wellington Avenue.

The lot, now being excavated by contractor E. J. Dorsey of San Rafael, lies above the homes of the Wellington residents.

Lewis lives above the lot, which at its top side touches Redwood Road.

"We feel that adequate inspection has not taken place by the town to determine whether the 45-degree slope of the lot and its loose soil will hold a house," Deeths said.

Inspection by building inspector Joseph A. Regoni (also police chief) was not enough, said Deeths. A bulldozer could "barely work the land because it could not gain traction in the loose peat moss on the lot," he declared. He added that he had seen workmen lose their footing on the slope many times.

"There is also danger of uncontrolled water drainage and falling debris from the disturbed hill," added Deeths.

"We feel that adequate inspection has not taken place by the town to determine whether the 45-degree slope of the lot and its loose soil will hold a house," Deeths said.

Inspection by building inspector Joseph A. Regoni (also police chief) was not enough, said Deeths. A bulldozer could "barely work the land because it could not gain traction in the loose peat moss on the lot," he declared. He added that he had seen workmen lose their footing on the slope many times.

"There is also danger of uncontrolled water drainage and falling debris from the disturbed hill," added Deeths.

Dorsey, who is developing the home site for J. E. Madrigali of Alameda, new manager

# Rugged Painter Cheats Death Overweight As Luck Seems To Follow Him

Norman C. Gray  
Rehabilitated  
At Marin General

As his partner pulled the swing stage up to the fifth story, painter Norman C. Gray of San Rafael climber over the fire wall and began tying one end of the rig.

Then suddenly, without warning, the bottom of the scaffold fell away. As Gray tried to grab at the rig, he hit his head and plummeted 60 feet to the rocky ground below.

The accident happened at 2:30 p.m., April 19, at one of the large apartment houses being built in Marin City by the Federal Public Housing Administration.

A few minutes later, the 36-year-old painter regained consciousness sitting propped up against a wall. He had survived a 60 foot fall that his doctor said should have killed him.

## HOW TO PAY?

The athletic, sun-tanned man said his first thought on regaining consciousness was "how was I going to pay the hospital bill?"

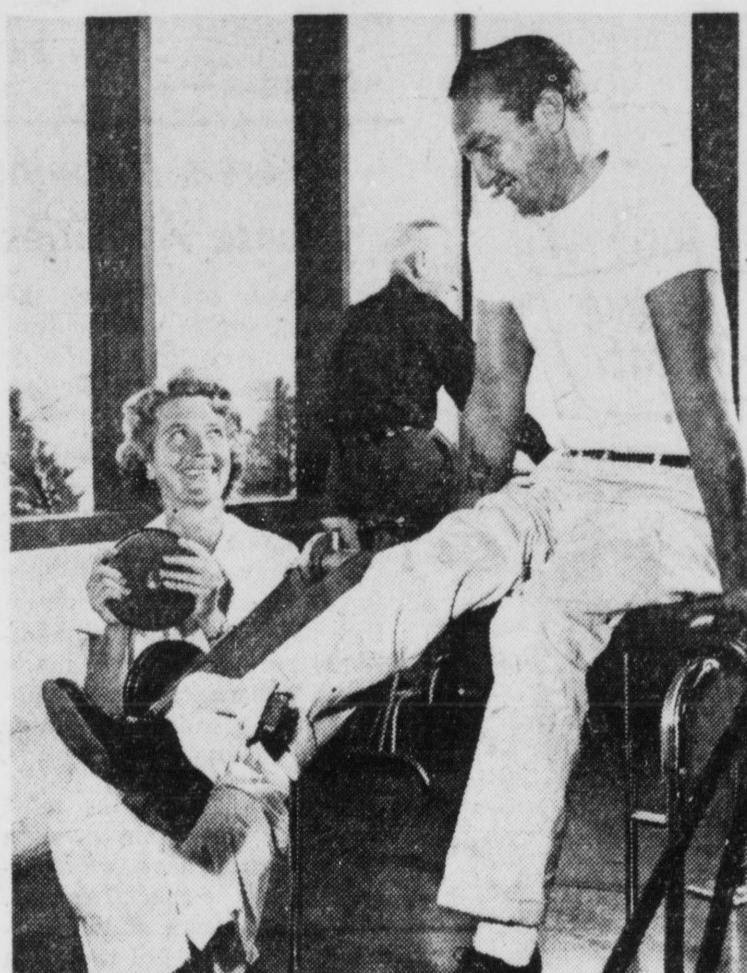

But there was pain and still is. Gray landed on his left side, fracturing his pelvis and cutting open the left side of his head. All the muscles on that side of his body were pulled and he was bleeding internally.

He was taken to Marin General Hospital, where he stayed for three and one-half weeks, then was moved to the Marin Rehabilitation Center. He was finally discharged last Friday. He must report back to the center three afternoons a week for therapy.

Gray told of two other close brushes with death and wryly said, "maybe the next one will be it."

In May of 1945, a few days before Germany surrendered, Gray a corporal with the 398th Anti-Aircraft Company in Germany, was hit in the mouth with a piece of flying shrapnel.

Gray saw the war in a base hospital.

CHEATED DEATH—Norman Gray, who fell five stories at the Marin City apartment project and lived to tell the tale, receives physical therapy from Joan Mitchell, registered physical therapist, at Marin Convalescent and Rehabilitation Center in Tiburon. Gray is now able to walk with two canes, hopes to be able to start painting houses again soon. (Ken Molino photo)

A couple years after his discharge, Gray turned his car over at the San Quentin Wye and not only walked away from the wreck without a scratch but turned around and got back in the car and drove it to a garage.

Gray grew up on a small Petaluma ranch and moved to Marin County in 1946 after being discharged from the army. He worked in the kitchen at San Rafael General Hospital for a few weeks and later for San Rafael Street Department.

## PAINTER'S TRADE

In 1951, he moved to Chicago where he started in the painter's trade. He returned to Marin County last November and only had been on the job three weeks before the accident. He now lives at 640 Fourth Street,

San Rafael.

Gray is able to get around now with the help of two sturdy canes. He is hoping to be able to toss the canes away in from three to four months.

He would like to return to the painting trade if he is physically able—but is going to limit his work to small houses not over one story high.

## Army Increases August Draft Call

WASHINGTON (UPI)—The army will draft 7,000 men in August, 1,000 more than in July and 2,000 more than in June.

The August call will bring to 2,539,930 the total number of men drafted since conscription was revived during the Korean War.

## Vacation Bible School Planned

The Mill Valley First Baptist Church at 285 Miller Avenue will begin its daily vacation Bible school June 20. Hours will be from 1 to 3:30 p.m. and classes will continue through June 30.

Youngsters from kindergarten through junior high may participate. Closing exercises will be at 8 p.m. June 30.

# Action Looms On Bill For Aged Medical Care

WASHINGTON (UPI)—Dr. E. Vincent Askey, the next president of the American Medical Assn. (AMA), said yesterday that the nation's greatest health problem is overweight.

"Askey, a Los Angeles surgeon who will become AMA president next Tuesday, said "We Americans are eating more and better than ever but exercising less."

"As a result," he said, "actuarial statistics show that an alarmingly large number of persons are seriously overweight, and obesity and long life usually don't go together." Askey's statements were made in the current issue of the AMA magazine, Today's Health.

He also expressed views on other medical subjects:

Cigarettes—"My personal opinion is that there is a definite link between cigarette smoking and the development of lung cancer. I'm not sure, however, whether it's the whole the other lung irritants we are the other lung irritants we are exposed to."

Russian medicine—"There may well be isolated fields in which they've done something we've not been able to do. But . . . I believe that our brand of medicine is of much higher quality."

The family doctor—"The family doctor can treat about 85 or 90 per cent of the illnesses we know and when he can't he will recommend the right specialist or consultant."

School board members Tuesday night approved the salary raise, along with a tentative budget of \$19,600, which means the tax rate for the district will remain the same as last year, \$1.30.

San Quentin school officials have been invited to attend a meeting at the Marin County School Superintendent's office at 8 p.m. next Wednesday, to discuss possible annexation to the San Rafael Elementary School District.

## Two Women, Child Slightly Injured In Auto Accident

Two women and a child from Albany suffered minor injuries in a Novato intersection accident Tuesday afternoon.

Barbara Barbour, 47, told the California Highway Patrol she was driving south on Highway 101 and as she approached Grant Avenue, a car driven north by Beatrice Jackson, 52, of 1128 Mirabella Avenue, Novato, turned left across her path.

Miss Barbour was treated at San Rafael General Hospital for bruises of her left elbow, left knee and leg. Mrs. Gladys

Cook, a passenger, received treatment for a bruised left leg. Her daughter, Katherine, 3, was treated for a bruise over the right eye. An 8-month-old girl, Cynthia B. Cook, was unharmed.

## Teacher Of German Honored By Students

A bon voyage dinner for Miss Grace Albright, Sir Francis Drake High School teacher, was given by the 10 students of her advanced German class at the Mountain Home Inn on Mount Tamalpais.

Miss Albright will spend the summer in Hawaii. The students presented her with a handbag.

# New Supervisors Can Help To Bring Economies Now

Voters in three of Marin's five supervisorial districts have placed in office men pledged to economy and lower tax bills. We hope they can do it, and wish them luck.

At the same time we urge them to make only real savings, not imaginary ones. For example, the county administrator's office, through its purchasing agent, now does mass buying of supplies and equipment for various departments and agencies. The volume operation results in lower prices.

College of Marin can testify to that. Just recently they decided to see if they could get cheaper gasoline prices by seeking their own bids. They quickly found out they couldn't buy anywhere's near as cheaply as the county could.

This indicates that eliminating the administrator's office would not necessarily mean a savings of the entire cost of the department. Indeed, from our observations, it appears its elimination might actually cost money.

We don't understand what Supervisor-elect Walter Blair means when he says a "more limited county manager" might be substituted for the county administrator. But if he has a money-saving idea there, let's explore it.

The civic center's fate may hinge on Supervisor-elect George Ludy's vote.

### PREPARE THAT BREAKDOWN

The southern tip of New Jersey is washing out to sea a little at a time.

Erosion caused by the pounding surf has wiped out street after street in the small community of Cape May Point.

The worried mayor predicted that "at the present rate of appalling destruction, it looks as if this whole community will be swallowed by the sea within the next 25 years."

Since 1925, 135 lots have disappeared into the sea and some houses have been moved inland as often as three times.

Land erosion can be seen and some pro-

tection can be provided against it.

But the gradual disintegration of moral values is far more serious. Its deadly inroads are often completed before even being noticed.

Guard against the gradual washing away or undermining of the spiritual truths. Protect the divine foundations upon which the survival of freedom depends.

"Unless the Lord build the house, they labor in vain that build it."

(Psalm 126:1)

Give me the wisdom, O Holy Spirit, to be aware of moral breakdown and do something about it.

Land erosion can be seen and some pro-

## Summer Athlete Is Middle Age Answer To Summer Barefoot Boy

NEW YORK (AP) — It takes a lot of ingenuity to survive summer — in middle age.

When you're a barefoot boy with cheeks of tan, summer is a golden time in a golden prime, ripe with promise and full of childhood ecstasies.

School is out, woodlands beckon and there's the fresh thrill of scuffing newly-freed toes in the dust, of dropping a squirming worm into a pebbly brook and catching something — even though it isn't much larger than a sardine.

BUT IN MIDDLE age summer is a season that has its perils as well as its performances.

If one could lie at ease on a cot in a shady yard and let the mellow warmth thaw his

rheumatism, all would be well. Summer would be a perfect blessing.

This is hardly possible, however, because of the "summer athlete." The summer athlete is an oversized middle-aged kid who never quite grew up — a perennial boy scout.

SUMMER isn't for him a time of rest and relaxation while drowsily listening to the murmuring bees. With him, it's a time to be up and doing, a time to get red-faced and sweaty.

This nature's boy is a mixture of Tarzan of the apes, Marco Polo, Daniel Boone and an Olympic decathlon performer. No community is complete without at least one of these summer athletes

— and no community is happy with one.

Even if you withdraw into the air-conditioned comfort of your own home, turn over the welcome mat, and pull down the venetian blinds, you can't always escape the summer athlete.

FOR WHAT happens? Exhausted by his hysterical outbursts of bovine energy, the summer athlete often keels over and expires in his own perspiration. It always happens during the sultriest heat spell of the year, and no matter how much you grumble, your wife insists you have to go out into the hot sun to attend his funeral.

THE ACTION WAS taken to keep state employees' salaries in line with those being paid in public and private employment, insofar as funds are available.

The approved funds, the board said, permitted a 7½

per cent increase for state college academic employees and a five per cent increase for all other state employees.

Special increases in excess of five per cent were granted to about 18,000 employees at an annual cost of \$2,430,000 from the general fund and \$1,740,000 from various special funds.

The board also established uniform five per cent salary steps at the higher salary levels, and added an additional step at the minimum of each of the higher salary ranges.

TOTAL ANNUAL cost of the increases is estimated at approximately \$27,000,000, of which \$15,600,000 is from the general fund, and \$11,400,000 from various special funds.

The action of the board fixed the minimum rate in state service, for the first six months of employment, at \$268 per month, which, for the information of private employers who have to meet state scales, is slightly better than \$61 per week. This, of course, is without deductions, and applies only to a small proportion of the state employees.

At a recent meeting in Sacramento, the board increased salary of approximately 81,000 state employees, effective July 1, 1960. These included approximately 7,000 in California state colleges, and the California Maritime Academy.

This, of course, is without deductions, and applies only to a small proportion of the state employees.

At a recent meeting in Sacramento, the board increased salary of approximately 81,000 state employees, effective July 1, 1960. These included approximately 7,000 in California state colleges, and the California Maritime Academy.

THE ACTION WAS taken to keep state employees' salaries in line with those being paid in public and private employment, insofar as funds are available.

The approved funds, the board said, permitted a 7½

per cent increase for state college academic employees and a five per cent increase for all other state employees.

Special increases in excess of five per cent were granted to about 18,000 employees at an annual cost of \$2,430,000 from the general fund and \$1,740,000 from various special funds.

The board also established uniform five per cent salary steps at the higher salary levels, and added an additional step at the minimum of each of the higher salary ranges.

TOTAL ANNUAL cost of the increases is estimated at approximately \$27,000,000, of which \$15,600,000 is from the general fund, and \$11,400,000 from various special funds.

The action of the board fixed the minimum rate in state service, for the first six months of employment, at \$268 per month, which, for the information of private employers who have to meet state scales, is slightly better than \$61 per week. This, of course, is without deductions, and applies only to a small proportion of the state employees.

## Pickup Truck Comes Through Red Light; Three Injured

A retired San Franciscan who drove onto Highway 101 from the Black Point cutoff against a red light caused a

collision in which three were hurt yesterday afternoon.

William Nichols Dubs, 59, Cloverdale mechanic, was driving a pickup truck north, with other vehicles preceding him through the intersection. He told the California Highway Patrol a sedan driven west by Gordon W. Dennett, 67, of San Francisco, entered 101 and collided with his pickup.

Dennett, Dubs and Mrs. Jeanne Dubs, 52, were all taken to San Rafael General Hospital. Dennett was treated for chest injury and fractured ribs, and was reported in good condition today. Dubs received emergency treatment for fractured left ribs, and Mrs. Dubs for leg cuts.

## Ross To Build Laurel Grove Bulkhead

The Ross Town Council last night decided to build a concrete bulkhead along Laurel Grove Avenue, and awarded a contract to paint the town hall and firehouse's wooden trimmings.

City Engineer John C. Oglesby was instructed to prepare details plans for a concrete bulkhead parallel to Laurel Grove Avenue, 122 feet east from the north entrance of the Marin Art and Garden Center.

Oglesby estimated the project's cost at \$2,000. Giampolini and Co. of San Rafael will paint the trimmings on the town building for \$513. Other bids were \$735 and \$1,325 by James D. Ellis and Max Miller, respectively.

The program will include a display of equipment from 9 a.m. to 3 p.m., volleyball, horseshoes, tug-war, baseball throw, special relay races, jeep rides for children, a boat and barge display from 1 to 3 p.m., and a crane exhibition. The public may attend.

Lt. D. F. Newham, acting company commander, will address the unit at 11:10 a.m. and again at 2:45 when he will make a presentation to the winning platoon.

The company was activated at Camp Edwards, Mass., June 15, 1942. It was assigned to Fort Baker in 1955.

In other matters, the Ross

council:

1. Read a letter from Ross School Parent-Teachers Assn stating the organization wanted to be counted among those opposing Ross Common as the site of proposed tennis courts.

2. Read a letter from Oglesby opposing locating the tennis courts on the old railroad right of way because of underground piping.

3. Accepted with thanks an offer by the widow of Ben H. Dibblee to donate a bench to be placed near post office in honor of Dibblee a former Ross councilman.

4. Refused to grant a variance to Henry I. Marshall at 40 Shady Lane to build a studio apartment above his garage.

5. Instructed Police Chief J. J. Regoni to investigate whether more than one family is living on property owned by Dr. Dorothy English, adjacent Ross General Hospital, which is zoned for one-family dwellings only.

6. Rejected a proposed county food handling ordinance as unnecessary in a town "as uncomplicated as Ross."

7. Decided, upon the suggestion of Councilman James McNab, to let town's investment of \$35,000 worth of government bonds mature at 25 per cent yield rather than extend their terms to four years at a 42 per cent yield in a plan offered recently by the federal government.

Councilman Bruce T. Selfridge was absent.

## Broadway Producers, Actors Approve Pact

NEW YORK (UPI)—The curtains are going up again on Broadway.

Actors and producers late last night approved a contract agreement ending an eight-day Broadway blackout.

All 19 shows returning of the 22 plays and musicals that were playing when the mass shutdown occurred June 2 are expected to be back in business by Monday night.

Because of the monetary gains by the union a further increase in ticket prices was regarded as likely. Producers said

they would try to hold the line. Spokesmen for both Actors Equity, which represents 11,000 performers, and the League of New York Theatres, representing Broadway producers, theater owners and managers, hailed the settlement as a victory.

The loss to producers was estimated at one million dollars in ticket sales. Actors lost \$260,225 in salaries.

Most actors and actresses praised the new four-year contract, which among other things, won them their first pension in history.

Louis A. Lolito, president of the theater league, said he regarded the settlement as a victory for the league.

The blackout resulted in the closing of three shows—"Finian's Rainbow," "The Andersonville Trial" and "Duel of Angels."

In addition to the pension plan, the union won increases in minimum salaries, rehearsals pay, minimum road salaries and improved working conditions.

The audit was announced yesterday as the House Armed Services Committee, moving to protect taxpayers on another front, voted to crack down on military men who ship pianos, sleds and other personal goods around the world by plane.

The group acted after the General Accounting Office said a spot check of 21 cases turned up 13 instances in which personal goods were shipped by air at a cost of \$125,470 when other transportation would have cost only \$23,000.

GAO auditors also were checking into the Congressional expense accounts.

Congressmen allegedly spent taxpayers' money for whisky and entertainment or ran up unreasonable charges for food or lodgings while performing official chores.

Rep. Omar Burleson (D-Tex.), chairman of the committee which performs housekeeping chores for the house, revealed the GAO investigation. Burleson also said steps are being considered to prevent any repetition.

The papers were taken to Justice William O. Douglas, who administers the Ninth U.S. Circuit. There was no indication when Douglas might act.

Mrs. Duncan, 56, was convicted in Ventura, on March 16, 1959, of hiring the two men to kill her son's pregnant wife.

Moya and Baldonado confessed kidnaping and strangling the Canadian nurse, Olga Kupczyk Duncan.

## Study Links Tax Funds To Night Clubs

WASHINGTON (UPI)—Government auditors are studying expense accounts of house members accused of spending taxpayers' funds on night clubbing.

## San Diego Votes Property For Salk Polio Center

SAN DIEGO (UPI)—San Diego voters approved by a vote of almost 3-1 a proposition giving Dr. Jonas Salk of polio vaccine fame property for a biological research center.

The unofficial count of the votes from Tuesday election showed 86,688 in favor of the proposition against 30,551 opposed.

Passage of the proposition permits the city to give 27 acres to the Salk Institute. The institute, a multimillion dollar project, is expected to be built within three to five years.

Salk said in New York of the favorable vote: "We are very pleased with the outcome . . . since it indicates that the people of San Diego desire that the institute be established there."

Rep. Omar Burleson (D-Tex.), chairman of the committee which performs housekeeping chores for the house, revealed the GAO investigation. Burleson also said steps are being considered to prevent any repetition.

## PILOT INTERVIEWED

# Spy Flights Over Russia Since '51

CHICAGO (UPI)—The Chicago Daily News said yesterday a former spy plane pilot "had told the newspaper he made flights in a reconnaissance bomber over Russia as far back as 1951."

The Daily News reported an interview with the pilot in a dispatch under a New York date-line. The News said the pilot was still a member of the armed forces and had asked that his name be withheld.

The News said the pilot described former President Truman's statement that he vetoed spy flights over Russia during his administration as "a lot of bunk."

"We were told that if we ever got caught we would be treated as spies," the News quoted the pilot as saying. "One briefing officer said: 'You might look at it this way—you have no Uncle Sam!'"

Truman said in Chicago Monday that spy flights over Russia and China were proposed in 1948 or 1950 and he turned down the idea because he thought the flights improper and unnecessary.

The News said the pilot told its reporters flight over Russia began "about the time of the Korean War" and that he took part in flights over northern Siberia. Before 1956, the News quoted the pilot as saying, the flights were made in RB-50's, a

variety of reconnaissance bomber.

"We were told that the State Department knew about it, and I imagine if the State Department knew it, Mr. Truman did also," the pilot was quoted as saying.

"The spy flights were the best kept secret in the Air Force. We knew about them and the Russians knew what was going on—but the flights were classified secret to keep the American people from demanding they stop."

The News quoted the pilot as saying he had instructions that if "anything happened to see the British consul in Vladivostok. The State Department was to disclaim any knowledge of us at all."

The News said the pilot reported he had seen photographs taken by other pilots of the Russian interior and that "these photos were used in SAC (Strategic Air Command) briefings at the time—in fact we had secret briefings on Russian targets even then."

A B-50 bomber which was shot down over the Sea of Japan in 1953 was apparently engaged in such flights, the News quoted the pilot as saying. A U.S. destroyer rescued the plane's co-pilot from the water and the bodies of three other crew members were later recovered.

## 'Nominal' Sentence For Powers

WASHINGTON (UPI)—A congressman quoted a leading Soviet writer today as forecasting that American U-2 pilot Francis Powers will draw a "nominal" prison sentence for spying or be sent back immediately to the United States.

Rep. Charles O. Porter (D-Ore.) told the House that Ilya Ehrenburg, the writer and member of the Supreme Soviet, told him last weekend of how he thought Powers would fare after a Russian trial for spying.

Porter said Ehrenburg also said he and many other Russians regretted Premier Khrushchev's personal attacks on President Eisenhower in withdrawing from the summit talks in Paris.

The congressman said he talked to Ehrenburg at a "foot-hills" conference of legislators in Stockholm.

He said Ehrenburg explained Khrushchev's actions by saying he was an emotional person "who doesn't need to look in his pockets for words"—a phrase which Porter said meant that Khrushchev gets carried away when speaking without a manuscript.

However, Ehrenburg rejected as "Utopian" Porter's suggestion that Khrushchev renew

## PATH CLEANED TO WEDDING

MINNEAPOLIS, Minn. (UPI)—Jan Ebbert cleaned a path to a wedding when he found a discarded suit on a Minneapolis street.

The suit, size 46 large, had a scribbled note pinned to it saying "must have Thursday for son's wedding."

Ebbert, a dry cleaning firm employee, figured the suit dropped from a cleaning truck so he took it to his shop and had it cleaned.

Radio stations broadcast news of the lost suit and it was claimed by Mrs. E. G. Thompson just in time for her husband to attend their son's graduation at the University of Iowa and his wedding Sunday.

his canceled invitation to Eisenhower to visit Russia.

Ehrenburg told him, according to Porter, that Khrushchev was deeply disappointed in Eisenhower "and embarrassed because he had told high Soviet officials that Ike was a fine fellow and a man of peace."

As for Marshal Malinovsky, the military chief who accompanied the premier to Paris, Porter said Ehrenburg described him as a soldier who will do "what he is told to do." Porter said the Russian pictured as "not significant" Malinovsky's recent order to attack with rockets airbases from which spy planes are launched.

## Soviets Believed Shifting Bases After Spy Disclosures

WASHINGTON (UPI)—Congressional officials have received what they accept as reliable reports of Soviet shifts in missile base construction in the aftermath of the U-2 plane downing.

There have been several speculative reports that such action would be taken.

Influential members who declined to be quoted by name said they had been informed the Soviets had retrieved and developed photographs made by the spy plane piloted by Francis Powers.

The Soviets were represented as being amazed at the detail with which military installations were depicted in these pictures. The photos apparent-

ly were far superior to any the

Soviets believed it was possible

to make from the great heights at which U-2 planes have flown over their country for more than four years.

These pictures were said to have revealed not only completed bases for the launching of intercontinental missiles but the beginning of construction work on other sites.

Congressional officials said they have been told the Soviets, fearing that other U-2 flights might have delivered similar if earlier pictures into American hands, took immediate steps to transfer these construction sites.

Secretary of Defense Thomas S. Gates Jr. told the Senate Foreign Relations Committee in its investigation of the U-2 incident that once heavy bases for missile launchings are installed, it is next to impossible to move them.

But he said the Soviets may "take different means of building new bases or of dispersing bases or something of that character."

The supposition is that the Soviets will depend on present bases only until they can get others built at places they now believe can be kept secret for some time.

## PILOT INTERVIEWED

# Spy Flights Over Russia Since '51

CHICAGO (UPI)—The Chicago Daily News said yesterday a former spy plane pilot "had told the newspaper he made flights in a reconnaissance bomber over Russia as far back as 1951."

The Daily News reported an interview with the pilot in a dispatch under a New York date-line. The News said the pilot was still a member of the armed forces and had asked that his name be withheld.

The News said the pilot described former President Truman's statement that he vetoed spy flights over Russia during his administration as "a lot of bunk."

"We were told that if we ever got caught we would be treated as spies," the News quoted the pilot as saying. "One briefing officer said: 'You might look at it this way—you have no Uncle Sam!'"

Truman said in Chicago Monday that spy flights over Russia and China were proposed in 1948 or 1950 and he turned down the idea because he thought the flights improper and unnecessary.

The News said the pilot told its reporters flight over Russia began "about the time of the Korean War" and that he took part in flights over northern Siberia. Before 1956, the News quoted the pilot as saying, the flights were made in RB-50's, a

variety of reconnaissance bombers.

"We were told that the State Department knew about it, and I imagine if the State Department knew it, Mr. Truman did also," the pilot was quoted as saying.

"The spy flights were the best kept secret in the Air Force. We knew about them and the Russians knew what was going on—but the flights were classified secret to keep the American people from demanding they stop."

The News quoted the pilot as saying he had instructions that if "anything happened to see the British consul in Vladivostok. The State Department was to disclaim any knowledge of us at all."

The News said the pilot reported he had seen photographs taken by other pilots of the Russian interior and that "these photos were used in SAC (Strategic Air Command) briefings at the time—in fact we had secret briefings on Russian targets even then."

A B-50 bomber which was shot down over the Sea of Japan in 1953 was apparently engaged in such flights, the News quoted the pilot as saying. A U.S. destroyer rescued the plane's co-pilot from the water and the bodies of three other crew members were later recovered.

## 'Nominal' Sentence For Powers

WASHINGTON (UPI)—A congressman quoted a leading Soviet writer today as forecasting that American U-2 pilot Francis Powers will draw a "nominal" prison sentence for spying or be sent back immediately to the United States.

Rep. Charles O. Porter (D-Ore.) told the House that Ilya Ehrenburg, the writer and member of the Supreme Soviet, told him last weekend of how he thought Powers would fare after a Russian trial for spying.

Porter said Ehrenburg also said he and many other Russians regretted Premier Khrushchev's personal attacks on President Eisenhower in withdrawing from the summit talks in Paris.

The congressman said he talked to Ehrenburg at a "foot-hills" conference of legislators in Stockholm.

He said Ehrenburg explained Khrushchev's actions by saying he was an emotional person "who doesn't need to look in his pockets for words"—a phrase which Porter said meant that Khrushchev gets carried away when speaking without a manuscript.

However, Ehrenburg rejected as "Utopian" Porter's suggestion that Khrushchev renew

## PATH CLEANED TO WEDDING

MINNEAPOLIS, Minn. (UPI)—Jan Ebbert cleaned a path to a wedding when he found a discarded suit on a Minneapolis street.

There have been several speculative reports that such action would be taken.

Influential members who declined to be quoted by name said they had been informed the Soviets had retrieved and developed photographs made by the spy plane piloted by Francis Powers.

The Soviets were represented as being amazed at the detail with which military installations were depicted in these pictures. The photos apparent-

ly were far superior to any the

Soviets believed it was possible

to make from the great heights at which U-2 planes have flown over their country for more than four years.

These pictures were said to have revealed not only completed bases for the launching of intercontinental missiles but the beginning of construction work on other sites.

Congressional officials said they have been told the Soviets, fearing that other U-2 flights might have delivered similar if earlier pictures into American hands, took immediate steps to transfer these construction sites.

Secretary of Defense Thomas S. Gates Jr. told the Senate Foreign Relations Committee in its investigation of the U-2 incident that once heavy bases for missile launchings are installed, it is next to impossible to move them.

## DINING OUT AND INNS

By HARRY CRAFT

### Persons Dining For First Time At Petite Auberge Find It Unusual

Impression I get of persons dining at La Petite Auberge in San Rafael for the first time is that they're out for an unusual experience. After all it's French and that's a magic word in food circles.

"This is our first visit," I've heard them say, "but we'll be back."

And they generally are leading someone else with them. Over the 14 months La Petite Auberge has been open it's been repeated many times. Today you'll find a sizeable crowd who've made it a regular habit.

In this weather everyone wants to sit in the patio, and weekends particularly there isn't always that much room. Inside or out—here's a tip. Sometimes try the escargots. If you don't know what they are I'm not going to tell you—ask the waitress. But you'll find them absolutely delicious. I did.

**THE GRAND OPENING** is a sort of delayed reaction in celebrating something which has already happened—a week, a month or two months ago—and almost never coincides with the actual event of opening itself, at least in the restaurant field.

It's a way of saying, "Look what we've done. All the bugs are ironed out and things are working as they should."

The scene of this accomplishment is then shown at its best advantage and the stage is set for you to come in and get acquainted.

Two grand openings are set for this coming week.

Roy Franchini has picked Tuesday, Wednesday and Thursday—June 14, 15 and 16 to show off his operation of West End Villa in San Rafael. He hopes you'll be there to try out his menu, praise or criticize, make suggestions.

Pete Lind has picked Saturday, June 18, for Pier 15 in San Rafael. The occasion: Completion of his outdoor patio fronting on the canal. Celebration will start at 10 A.M. and continue throughout the day and evening. There'll be hors d'oeuvres and entertainment.

Father's Day, June 19, Pete will start opening it for breakfast.

**LOOK FOR** the new restaurant in the Wiltshire Towers Motel to be open week after next. This has been under construction for several weeks and has a few features which should make it popular.

Shaun Wiltshire has engaged Claude Booth formerly of the Mission Inn to handle the din-

ing facilities. Claude is preparing his menu and I've found out that he'll feature chicken Kiev, always a favorite dish. He's talking, too, about a top sirloin steak for two at \$5.80.

Completion of the new side road leading to the pass under the Redwood Highway will make Wiltshire Towers easily accessible to north bound traffic.

**NEW CHEF** to be engaged at Mission Inn, San Rafael is Robert Hauber still in Kansas City. Coming from that meat headquarters he should know something about food. Leo Alberto says he's known him for 20 years as a first rate cook.

Bob won't be out here for another two weeks or so—meanwhile Leo is handling the ranges himself.

**AFTER TWO YEARS** experimenting to get the right recipe, Kirby Atterbury has come up with what he considers a masterpiece in his fresh Cornish hen and wild rice baked in a white wine sauce. The perfectionists, you know, are never satisfied with less than A-plus. He has it on the menu now at the Caprice in Tiburon.

Tuesday, Thursday and Friday nights, late—you can catch the act here of recording star Faith Winslow. Make it about 10:45 to 1:45.

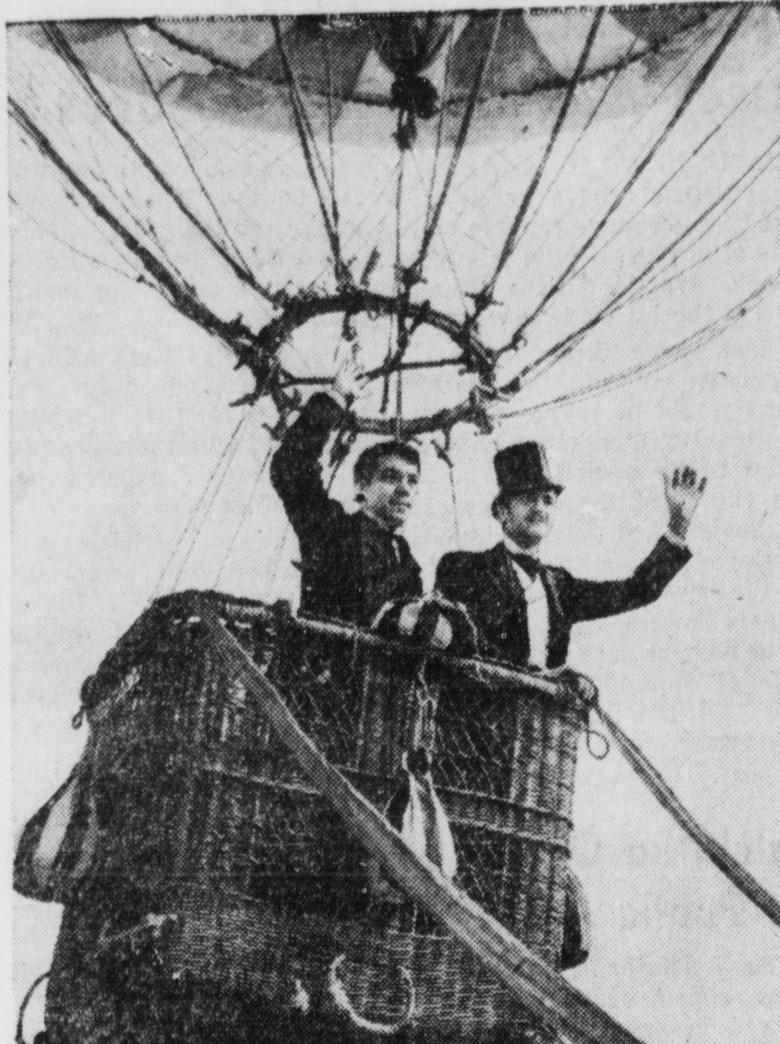

**BUON GUSTO VILLA** in Fairfax will be closed for two weeks commencing Monday, June 13. Vacation time it is for Paul, Eleanor and Paula—golf somewhere, I imagine.

**VEAL SCALLOPINI**, to be done right, has to be thin. I watched Hector Paris at Joe's in Novato the other day whacking little filets down to size and I must say they looked appetizing even in the uncooked state. From the number he was preparing I guess I'm not the only one who relishes them.

Those not familiar with Novato may find it difficult to locate Joe's. Tendency is to drive clear through town and look for it somewhere near Petaluma.

Best way is to turn west from the Redwood Highway, either opposite the Black Point Road or at Diablo farther north. Both take you into South Novato Boulevard. Follow it north or south depending on which lead-in you took. Look for the Nave Shopping Center, and there you are.

I WAS AMAZED to notice how far the banquet room superstructure at Novato's Cloud

**ADVENTURER**—Phileas Fogg, intrepid adventurer and his antic servant use a balloon as one means to get around the earth in "Around the World in 80 Days." The players are David Niven and Cantinflas.

Playwright Elizabeth Berryhill has been given the 1960 James D. Phelan award for literature and the arts for her play "The Cup of Trembling" it was learned yesterday in a letter sent to her in San Anselmo where the play is being staged at the San Francisco Theological Seminary.

The letter was sent by Ben C. Dunaway, a trustee of the Phelan institute. The \$500 awards are given annually from a fund set up by the late James D. Phelan, a wealthy state senator, to honor outstanding Bay Area authors and critics.

Miss Berryhill is well known for her writing, directing and acting in the former Straw Hat Revues of Berkeley. She is now one of the leaders of the Festival Theater.

Miss Berryhill is staying temporarily at the seminary where she was appointed playwright-in-residence for the fall semester last week. (See play review on page 12).

## BASEBALL ROUNDUP

### Tigers Maul Orioles; Yankees, Braves Win

Frank Bolling, a quiet, mild-mannered type whom you would never figure to do such a thing, suddenly came around with a bat and broke up that honeymoon in Baltimore.

The slick-fielding Detroit second baseman not only broke the Orioles' hearts but also their backs by smashing a pair of two-run homers that enabled the Tigers to capture a twin-night doubleheader last night, 7-5 and 7-4, and complete a four-game sweep.

When Bolling was through, the once-proud Orioles found themselves 1½ games behind the league-leading Indians, who won their fifth straight by beating the Red Sox, 3-2, and only two games ahead of the third-place Yankees, who defeated the White Sox, 5-2.

Bolling, who had hit only one homer previously this season, broke a 5-5 tie in the seventh inning of the opener when he connected with one off loser Arnie Portocarrero. Then in the nightcap, he drove one into the seats again with one off loser Skinny Brown during a five-run fifth inning that clinched the game for the Tigers. Bolling drove in his fifth run of the night with a double off reliever Gordon Jones in the seventh. Reliever Dave Sisler was the winner in the opener and starter Pete Burnside in the finale.

The Tigers, who have now won six of their last seven, moved into fourth place only four games off the pace.

George Strickland's first homer of the season in the sixth inning proved to be the winning run in Cleveland's triumph over Boston. Victim of the blow was Bill Monbouquette, who suffered his fifth loss. Rookie Wynn Hawkins went seven innings and was rewarded with his fourth victory although Johnny Klippstein had to be summoned from the bullpen to finish.

Mickey Mantle continued his slugging against the White Sox with a two-run homer off Frank Baumann in the fourth inning that proved to be the Yankees' margin of victory. The loss dropped the White Sox into fifth place, two percentage

SAFE AT THIRD — Giants' Willie Mays slides into third as Cincinnati third baseman Willie Jones reaches for low throw (note ball between his legs), during third inning of game at Candlestick Park in San Francisco yesterday.

### 3 Marinites In Olympic Sailing Trials

CLEARLAKE (AP) — Three days of racing opened here today to determine the West Coast representatives for the National Olympic Finn class sailing trials next month.

The Finn is a 14-foot 10-inch one-man craft that has competed in the past two Olympics.

Four men will qualify for the final trial at Marblehead, Mass., July 9-17.

Bill MacLean of Alameda is favored, having placed second in the United States championships in 1959. He also won second place in the Pan American Games.

Other leading skippers in the field of 20 are Com Tompkins, Derik Baylis and Ron Wise of Mill Valley, Dick Stephens and Jim Van Dyke of Stockton, Travis Bailey of Arnold, Clark Trask and Gary Mull of Oakland, Eric Petersen of San Jose, Larry Harris of San Francisco, Chan Chapman of Palo Alto and Jim Hill of Los Altos.

At Clearlake, as at Marblehead and in the Olympic sailing at Naples, the boats will be rotated among the contestants for a series of races. The rotation eliminates boat and sail as the ruling factor.

Stephens, a left-handed hitter, is expected to be converted into a rightfielder by Baltimore manager Paul Richards. He had appeared in 36 games with the Red Sox this season, batting .229 and driving in nine runs.

During seven years with the Red Sox, Stephens had become known as Ted Williams' "cadet," filling in for the great slugger during the late innings.

Stephens was one of the American League's top rookies last season, when he batted .250 in 142 games. However, he was hitting only .212 with the Orioles this season and had driven in only three runs. A right-handed hitter, Stephens is 26 years old, one year younger than Stephens.

The Orioles also announced they have recalled veteran pitcher Billy Hoeft from Miami of the International League. The 28-year-old southpaw had a 45 won-and-lost record and a 3.10 earned run average with Miami.

The Independent-Journal Monday reported that no Marin drivers won in last Sunday's Laguna Seca road races.

This was technically incorrect. Sandy Greenblat of Tiburon won in the Corvette class race. Although Greenblat trailed an AC Bristol at the finish line, the two cars were competing in different classes and Greenblat was the first Corvette finisher.

### 2-State Middleweight Title At Stake In Fight Tonight

BOSTON (UPI) — Champion Paul Pender and Sugar Ray Robinson will meet in their return middleweight title fight at the Boston Garden tonight despite two restraining orders tying up the entire gate receipts.

Sugar Ray, 39 or 40, is favored at 8-5 to recapture the title for the fifth time before an expected 11,000, providing a probable \$100,000 gate.

The other order was issued at the behest of the Charles Center Boxing Club of Baltimore and asks only \$9,000 for Robinson's failure to go through with a scheduled tune-up fight at Baltimore, May 16.

Robinson, Silverman and the Massachusetts Boxing Commission are defendants in that suit.

WORRY LATER  
The \$150,000 fee from television and radio of the scheduled 15-round (NBC) at 7 p.m. (PDT) will not be affected by the two orders issued yesterday by Judge Charles D. Bolster in Suffolk County Superior Court.

Promoter Sam Silverman said, "We'll go through with the fight and worry about legal matters later."

John Buckley, manager of Pender, declared: "We want to get this return match with Robinson out of the way so Pender can fight Gene Fullmer for the undisputed world title, which we claim."

PARTNER?  
Pender of Brookline, Mass., is recognized as champion by Massachusetts and New York.

Fullmer, of West Jordan, Utah, is champion in National Boxing Assn. territory. Pender won his portion of the crown from Robinson on a disputed split decision at the Boston Garden, Jan. 22.

Increased support for 29-year-old Pender dropped the betting price, favoring Robinson, from 2-1 to 8-5. Robinson's loud yells for a square deal from the ring officials tonight apparently frightened some of his backers.

But Sugar Ray, who never lost a return bout in his long career, said today he is much "sharper" for this fight than in January and he hopes to flatten the former Brookline fireman early.

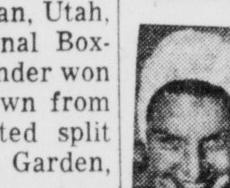

JOHN BUCKLEY, manager of Pender, declared: "We want to get this return match with Robinson out of the way so Pender can fight Gene Fullmer for the undisputed world title, which we claim."

### SPAHN VS. JONES

## Giants Open Crucial Series Against Milwaukee Tonight

SAN FRANCISCO (UPI) — The Milwaukee Braves come to town to test the San Francisco Giants tonight and manager Bill Rigney is expected to go back to his opening-day lineup in an attempt to get something resembling solid base-knocks.

After a week of shuffling and re-shuffling the lineup, Rigney has decided that his best infield is Jim Davenport at third, Eddie Bressoud at shortstop, Don Blasingame at second and Willie McCovey at first. It is possible, in view of the fact that the Braves will be pitching lefty Warren Spahn, that Joe Amalfitano may stay at second because he bats right-handed.

Amalfitano got three of the five Giant hits yesterday as they lost to Cincinnati, 7-4. The defeat gave the Reds a 2-1 edge in the series and dropped the Giants two games behind league-leading Pittsburgh.

Sam Jones, who won in relief on Wednesday, will go after his eighth victory for San Francisco.

Rigney kept reporters out of the Giants' dressing room for 30 minutes after yesterday's game.

"I've tried everything with this team to bring them out of their hitting slump," he said when he finally let them in. "But we don't seem to be getting any place."

Yesterday Rigney used Andre Rodgers at third and Jim Marshall at first. But they didn't get a loud foul between them.

"I don't remember Willie Mays ever being in a slump this long," said the worried Rigney.

Mays did get a single and drove in one run yesterday. Of the four Giant runs only two were earned. And the two they got on Wednesday, when they won, were unearned.

The Giants had a three-run lead in yesterday's game, built on a walk, a double by Eddie Bressoud and Joe Amalfitano's single, plus an error in the third inning. But the Reds got back one run in the fourth when starter and loser Jack Sanford

walked Ed Bailey, balked to send him to second, and Frank Robinson singled.

Then the roof caved in on the wild Sanford in the seventh. Five singles and Jerry Lynch's homer with two aboard accounted for four runs. Vada Pinson and Whitey Lockman hit bases-empty homers in the eighth and ninth.

The Giants had a rally go-

## The BULLPEN

With JOHN J. CONNOLY

### Old Champ Maxie Rosenbloom Had A Very Colorful Style Of Training

Have you ever read those flowery pamphlets mailed out by the various chamber of commerce agents?

The pamphlet author scans the dictionary, digs into his thesaurus and usually comes up with an eye-walloping picture of whatever he is trying to describe.

Just the other day I happened to be strolling along the boulevard and saw two familiar walkers, neither of whom walks straight or for that matter, in a military fashion.

The gait of these two fellows amused me. I knew they were not politicians. They looked like guys who at some time or other might have been athletes. But they kept waving their hands and nodding their heads, which to me is a dead giveaway for fight managers.

These great civic minded penny grabbers, I later discovered, were connected with the fight racket. As I approached closer I could detect a familiar odor, a sort of cologne that goes with fighters.

**SURE ENOUGH** it was a couple of old pals of my early days, out for a stroll and looking for discussion.

As I got a little closer I saw it was Benny Ford, the S. F. fight impresario, and Leo Leavitt, a foxy old coot of the fight racket for many years, too many in fact to repeat.

"WHAT ARE YOU guys planning?" sezzi. "Couldn't be a world's championship fight?"

"More than a championship of the world will be decided when junior welterweight champion Carlos Ortiz risks his crown against the outstanding Italian and European champion, Dulilio Loi," my fren Benny Ford replied.

"WE'VE GOT A fight billed in the Cow Palace on June 15th at 7 p.m. between two of the greatest dynamos in the sport, piped in Leo Leavitt, whom I hadn't seen in 25 years."

"It's something the fight fans should know," says Leo.

"It is a contrast in training for a fight you seldom if ever hear."

**BEFORE I COULD** interrupt, Leavitt and my friend Ford were in high gear.

"Is the European style of training better suited for a fighter than the American style?"

And my friends went on to say that Loi is up every morning at 5:30 a.m., takes exercises for a half hour, has fruit juices, etc., is on the road for two hours, rests an hour, then has breakfast, then hikes five miles, then rests for a few hours, back to the gymnasium for a two-hour workout, takes

### Women Golfers At Meadow Club Hold Tournament

Mrs. E. C. Peterson, with 61 points, took high honors in Class A in yesterday's Ladies Day Tin Whistle tournament at the Meadow Club.

Other winners:

Class A: Mrs. E. J. Hubbell 52, and Mrs. E. S. Vest and Mrs. R. E. Belli, tie at 50.

Class B: Mrs. M. L. Ackley 60, Mrs. J. Wilsey 52, Mrs. Paul Charron 52 (tie).

a rest and then has dinner and after dinner a one hour fast walk and then to bed.

And, sezzi, what does Ortiz do?

"OH, SAYS FORD," he is up at 6:30 a.m., does three miles of road work, takes two hours rest, has a light breakfast, a rest and then goes into the gym, boxes three rounds, takes two hours rest and then has dinner.

"Quite a chore," sezzi to my pals.

"But let me tell you something. I knew Johnny Indrisano, a heavyweight fighter, probably the greatest trained fighter in the world."

"It seems Indrisano was always faithful in his training chores. He was signed to fight on the same card with Maxie Rosenbloom who was fighting John Leroy Johnson.

"I NEVER SAW Rosenbloom for weeks before the fight Johnny told me "and then he came in only five days before the fight and told me he had better start training."

"I asked him if he wanted a sparring partner and he said no, he was doing some boxing with an orchestra friend. I watched him for two days and he sparred exactly two rounds. And then he quit.

"AND DO YOU KNOW what happened the night of the fight?

"Why?" said Indrisano, "I trained faithfully for six hours a day and I was so exhausted in the eighth round I barely got to my corner."

"And Rosenbloom, who never trained an hour in his life, went 15 rounds at top speed and was jumping three feet off the ground and slapping John Leroy Johnson on the back of the neck on the way down."

IT WAS JUST natural endurance with Maxie and that is why I say that regardless of how fighters train, it makes little difference the night of the fight. The guy with the old intestinal fortitude will win.

So I'm waiting for the Cow Palace fight next Wednesday to see which style of training wins. And I hope that whichever training is successful it helps Benny Ford and Leo Leavitt, a couple of guys worth while and hard hands to beat in the fight game.

'DON'T HIT MY DAD'

That seems to be what little Cynthia Ortiz, 19-month-old daughter of junior welterweight champion Carlos Ortiz is thinking as she started crying during picture sessions at a San Francisco gym yesterday. Ortiz, right, and Dulilio Loi

of Italy, left, met for publicity pictures for their title bout at the Cow Palace in San Francisco next Wednesday, but when they squared off, little Cynthia began to cry. Both fighters tried to comfort her, but she ended up in her mother's arms. (AP Wirephoto)

### Grand Prix To Be Held At Riverside

LOS ANGELES (UPI) — The world championship Grand Prix, "to road racing what the Kentucky Derby is to horse racing," will be run at the Riverside raceway this year instead of at Sebring, Fla., according

to sponsor Alec Ullmann. Ullmann said yesterday the reason for the move was because the 3.27-mile Riverside course is one of the best in the U.S., weather in the late season is better in Southern California and because of the interest in sports cars in the area.

He also cited the heavy concentration of sports cars in Southern California as a reason for the switch.

The race for formula-one cars earns official points toward

world rankings, Ullmann said. Coming as probably the last Grand Prix of the year, the Riverside event, he said, could decide the driving titlist.

The world's top drivers are expected to compete in the event.

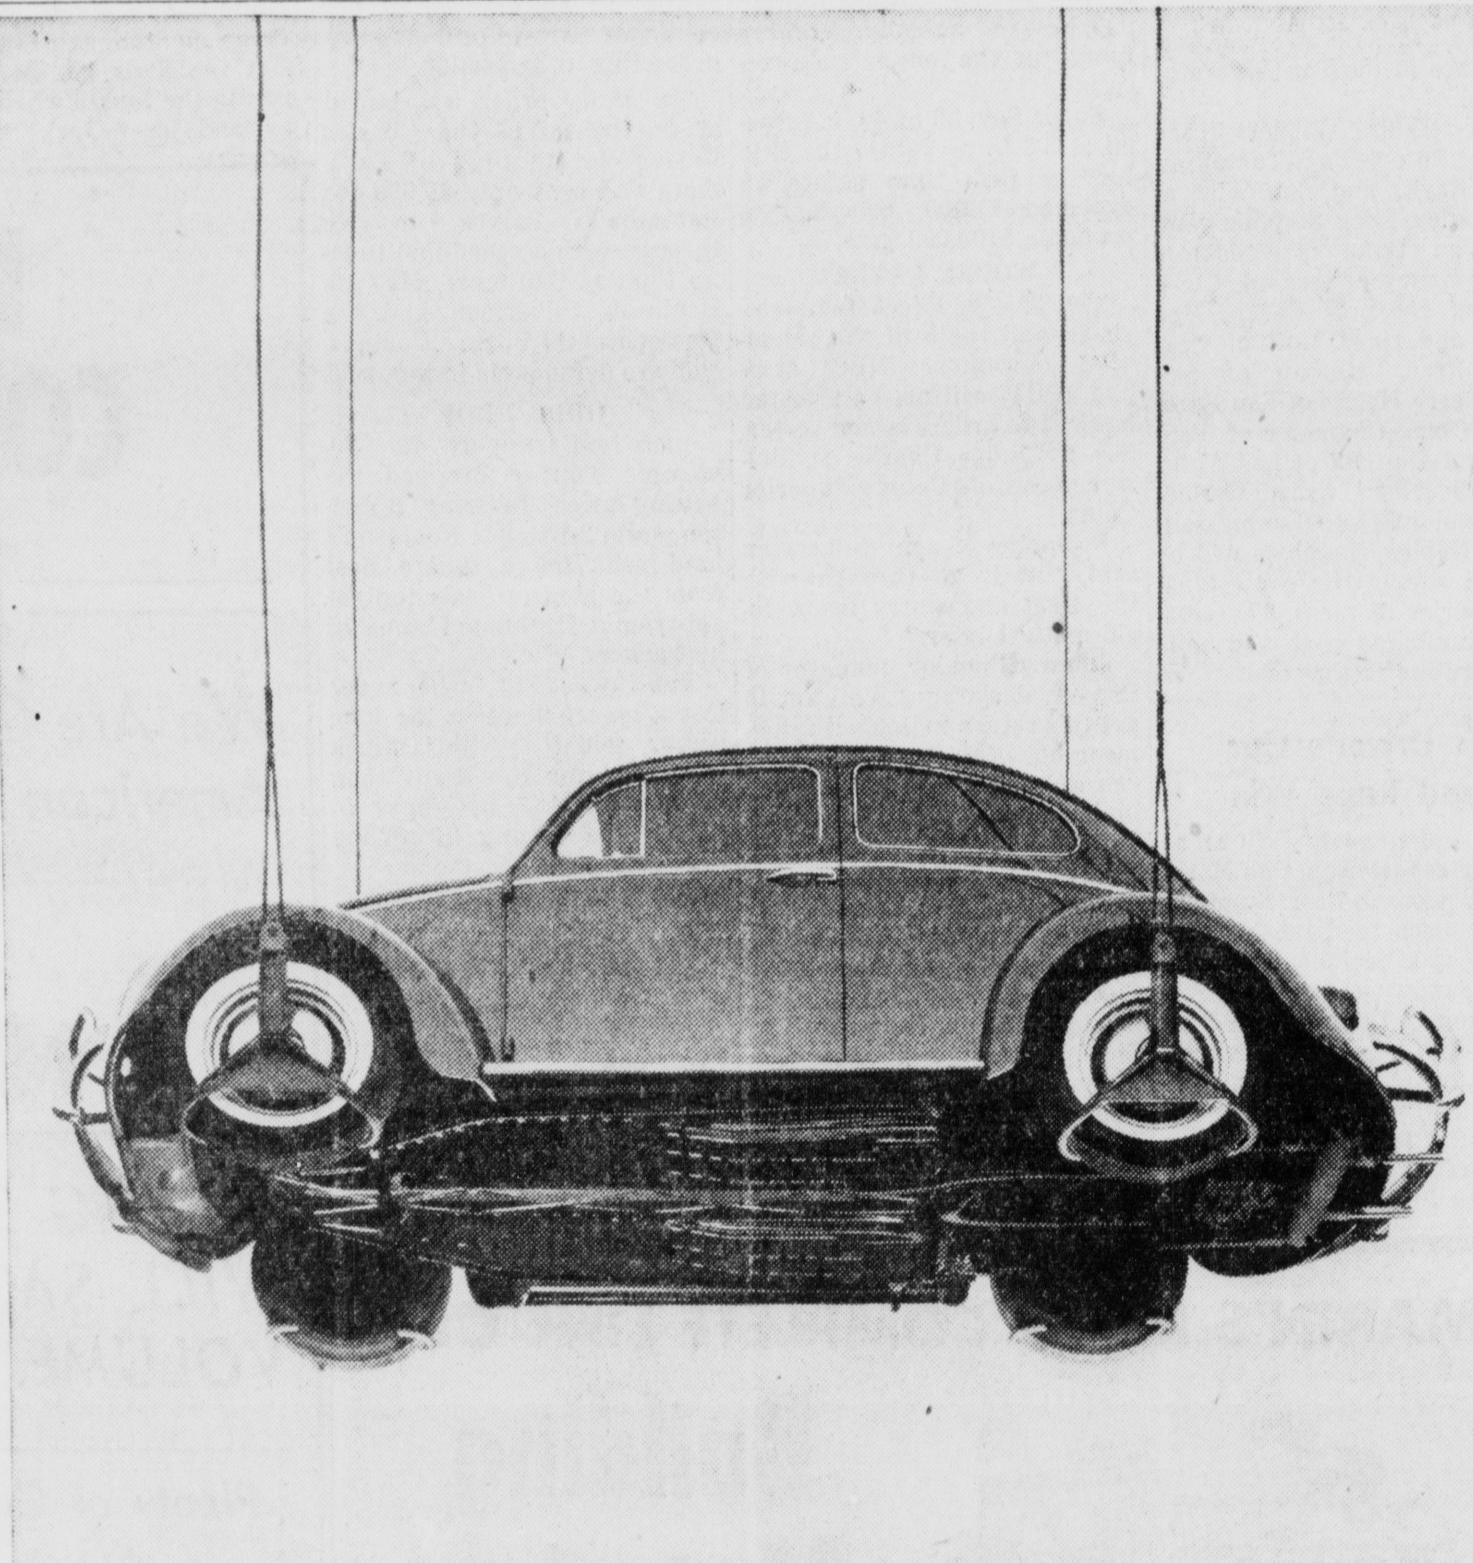

Supermarkets report that sales per shopper are about 60 per cent higher on Fridays and Saturdays than on other days of the week.

Handlers said the colt may have hurt his ankle in the Jersey Derby which he won Memorial Day at Garden State Park and the injury flared up again here.

Bally Ache, the year's leading money winner and race favorite, was withdrawn from the race today because of an injured right ankle.

The 3-year-old colt, recently sold for 1 1/4 million dollars, limped slightly after this morning's workout.

Handlers said the colt may have hurt his ankle in the Jersey Derby which he won Memorial Day at Garden State Park and the injury flared up again here.

Who in the world seals the bottom? Volkswagen.

Here's a side of the VW that few people know about: the underside. It is completely enclosed, and sealed with rubber to make it practically airtight. So tight, there are reports it will float! But here's a more useful advantage: a VW sloshes through water that brings most traffic to a standstill.

Notice how flat and smooth the VW bottom is. No hollow pockets and hanging parts to trap air and slow you down. Less drag. Better gas mileage.

On most cars, control wires and cables are left exposed. But you don't see wires under a VW; all you see is the steel bottom that protects them. A Volkswagen depreciates less than any other car because less can happen to it. Its shape remains the same; its works intact.

The Volkswagen's heater and defroster are part of the chassis, built into it and therefore included in our price: \$1,675 top to bottom.

## MARIN YACHTING

### Midget Racing Club Members To Compete

By ALFRED MATSON

chairman Pete Schoonmaker with the usual gold key.

The evening festivities will center in the Princeton Inn off the St. Francis Yacht Club tomorrow at the morning hour of nine as, at the bark of the starter's gun, about 20 yachts will head toward the Golden Gate.

Eddie also has an opportunity to set a personal record of seven victories in the 1 1/2-mile test for 3-year-old horses.

Trainer Vic Sovinski announced late yesterday that he had decided on the 44-year-old Arcaro as the rider of the chestnut colt from Isaac Blumberg's Sunny Blue Farm in the last of the triple Crown classics.

Arcaro almost got the Venetian Way assignment in the Kentucky Derby. But on the eve of the May 7 race, Sovinski decided to stick with outspoken Bill Hartack. Since winning the derby by 3 1/2 lengths, Venetian has finished fifth in the Preakness and fourth in the Jersey Derby.

Sovinski was far from pleased with Hartack's ride in the Preakness and switched to Steve Brooks in the Jersey Derby at Garden State Park. The trainer wasn't happy over Brooks' ride either.

Eddie has ridden in every Belmont Stakes since 1937 except in 1943, when he was under suspension. His last winner was with Nashua in 1955. Before that he won with One Count (1952), Citation (1948), Pavot (1945), Shut Out (1942) and Whirlaway (1941).

The presence of Arcaro on his back is almost certain to shorten the odds on Venetian Way.

Bally Ache, the year's leading money winner and race favorite, was withdrawn from the race today because of an injured right ankle.

The 3-year-old colt, recently sold for 1 1/4 million dollars, limped slightly after this morning's workout.

### Girl Who Fought Shark Nominated For Bravery Medal

Shirley O'Neill, the San Francisco girl who heroically braved a shark in a vain attempt to save the life of 18-year-old Albert Kogler, son of Corte Madera Councilman Albert E. Kogler, was nominated by Gov. Edmund G. Brown yesterday for the 1959 Young American Medal for Bravery.

The governor said Miss O'Neill's name would be sent to the Young American medals committee of the U.S. Justice Department, where it will be considered for the national award.

The youth was attacked by a shark while swimming off Baker's Beach in San Francisco on May 7, 1959.

Entrants will compete in Classes A, B, C and D, with eight events slated in each class: 50-yard dash, 75-yard dash, 660-yard run, relay, high jump, broad jump, football throw and shot put.

The meet is in conjunction with the U.S. youth fitness program and athletic programs of Marin schools.

Mrs. Lynn Sumpter, with a low net of 70, won in Silver Tray Day competition Tuesday at Novato's Indian Valley Golf Club.

Other winners:

Class A—Mrs. William May, 83-11-72; Mrs. Jerry Evans, 99-23-76; Mrs. Warren Smith, 106-24-82.

Class B—Miss Audrey Mullis, 97-25-72; tie for second: Mrs. Emil Renati and Mrs. George Nolan, each 98-25-73.

Class C—Mrs. Arthur Sears, 107-33-74; Mrs. John Garatti, 108-33-75; Mrs. Andrew Mahony, 113-35-78.

"WE DUMPED THAT batch into the garbage and took several slices and experimented with pounding them. We pounded some only enough to break the muscles as you said; we pounded some a little more than the others; we pounded some until they looked like mush. We fried them quickly, and we fried them a long time. Not one single slice was tender enough to eat."

"Our abalone feed was a complete failure. What was wrong?"

**OUR CALLER'S VOICE** shook with frustration. It brought memories of the first time we attempted to render abalone fit to eat. We had almost as tragic a result as Mrs. Whiteside, and we had 10 abalone to experiment with. We were about to tell our caller about it when she continued her talk.

"There are some minus tides this weekend. My husband and I know where to go and get some more abalones, but we were about to tell our caller about it when she continued her talk."

### Abalone's A Great Dish—IF You Know How To Prepare It Right

Howdy, folks! Our telephone rang Tuesday night. We lifted the receiver. "This is Mrs. Robert Whiteside," a rather plaintive voice announced. "I called you last month — the weekend when there were some good abalone tides. I asked you about hunting abalones, remember?"

We acknowledged the fact and waited. "We did as you told us and between my husband and me, we brought home six abalones." "That's fine," we said.

"No, it wasn't fine," she protested. We invited some friends in for an abalone feed and we didn't have it." We waited for the reason. "I remembered what you had told me about cleaning and pounding them, and I did it."

"My husband did the pounding at first, then I tried it. We had a platter heaped with slices of abalone before we were through, I dropped them in the pan as you suggested. Let each slice just barely brown and then flipped it over and allowed the other side to brown nicely."

"They were so tough we couldn't pierce them with a fork. We tried frying them a little longer, they were just as tough. We left them in a long time and they were still tougher."

"Trim and clean a whole abalone. Pound rather lightly, with a milk bottle or a mallet, don't attempt to mash it. Place the whole abalone in a frying pan with butter or olive oil and brown it on top of stove."

"Now chop up some garlic and onion (one kernel garlic to one abalone; one onion to three abalones) and add to the pan. Put in oven at medium heat and simmer for 15 minutes. Now pour over the abalones, one glass of white wine and one can of tomato sauce."

"Salt and pepper to taste. Bake for at least 45 minutes—or an hour—and serve. That's all. It's delicious and very very tender."

"The FOLLOWING local lakes and streams were scheduled to be restocked with catchable trout this week. Lake County: St. Helena Creek. Marin County: Lagunitas, Phoenix, Bon Tempe Lakes. Mendocino County: Cleone Lake if conditions are right. Monterey County: Carmel River, Arroyo Seco Creek, Big Sur River. Napa County: Conn, St. Helena Creeks. San Francisco County: Lake Merced (south lake impoundment). San Mateo County: Gatos, Pescadero Creeks. Santa Cruz County: Corralitos, Fall, San Vicente Creeks; San Lorenzo River."

want, this time, to be able to eat them. Can you help us? Tell us how to fix them so they don't resemble slices from an automobile tire?"

AS A RESULT of that call, and with the realization that others who lack experience might wish the same tip, we set forth a method of preparing abalone for the table that is easy, and the finished dish will be tender one can cut it with a fork. Here goes: the method shown us by Ida Ciapuscio, formerly of the Gualala Hotel on the Mendocino Coast.

Trim and clean a whole abalone. Pound rather lightly, with a milk bottle or a mallet, don't attempt to mash it. Place the whole abalone in a frying pan with butter or olive oil and brown it on top of stove."

## Instruction In Tennis Slated In Sausalito

Sausalito's city-sponsored summer tennis instructional program opens its third year tomorrow with registration at Richardson Bay School courts. Sign-up time is 9:45 a.m.

Sausalito children between the ages of 9 and 18 are invited to participate in the program, according to John Minton, chairman of the city's recreation commission and chief instructor in the program.

This year's instruction will span 12 weeks, concluding with the traditional city junior tournament August 13, 20, and 27.

Lessons will be given each Saturday morning.

Anne Hicks and Mary Jane Wellington will assist with the instructional program, Minton said.

## Passport Case Figure Still A Mystery

SAN FRANCISCO (AP)—Francis Parker Yockey, 47, a man of many names, was still in jail today, unable to have his \$50,000 bail reduced.

Yockey was arrested in Oakland Wednesday after three passports with three different names were found in a stray suitcase of his. He was charged with passport fraud.

Asst. U.S. Atty. William P. Clancy Jr. said Yockey used at least 15 aliases during "what appears to be a systematic and well-planned operation in passports, the purpose of which we do not know."

James Cavanaugh, U.S. State Department security supervisor in San Francisco, said Yockey made one phone call after his arrest — to Washington — and that thereafter someone called attorney Carl Hoppe into the case.

Hoppe told U.S. Commissioner Joseph Karesch "I feel a psychiatric examination is indicated" for Yockey, who protested.

Yockey had attempted to escape his captors and slammed a door on the hand of FBI Agent Robert Leonard, gashing it severely.

## Drunken Driver Fined, Sentenced

Richard Leo Norman, 19, of P-38 Hilarita Housing, Tiburon, drew \$200 fine and three years supervised probation for his first drunken driving offense. Judge Leonard A. Thomas sentenced him in Marin Municipal Court yesterday.

Norman was caught on Tiburon Boulevard on April 10 after his car drifted over the center line and struck an oncoming car.

There are 20 manufacturers of rocking chairs in Gardner, Mass., a town of 22,000.

## Civil Service Strike Halts French Government Business

PARIS (AP)—More than a million French civil servants who want more pay stayed away from work today, disrupting activities ranging from air traffic to garbage collection.

The widespread 24-hour strike even postponed funerals because gravediggers are employed by the government. Workers in private industry and business breathed easier when the trains, buses and sub-

ways continued to run normally and an expected sympathy strike by transport workers failed to develop.

The most notable sign of the strike was the array of garbage beginning to pile up in French cities.

Government ministries were on skeleton staffs—with all the clerks and junior employees out on strike. Normal government routine came to a standstill.

At Les Halles, Paris' central market, prices dropped slightly for perishable fruits and vegetables.

The strike began at midnight and was to continue until midnight tonight. The postmen, however, have hinted that they may stay off the job a few more days.

Only urgent calls were accepted by telephone operators, but long distance and dial systems continued to function.

The crux of the strike is the austere economic program installed by President Charles de Gaulle when he came to power two years ago. Although his program stabilized the French economy and halted inflation, the cost of living has crept up, and few compensating wage increases have been handed out.

Restive unions are demanding raises ranging from 3 to 11 per cent.

The government has promised raises later this year or next but the unions want them immediately.

'GONE WESTERN' are three members of the Loch Lomond Guild of Sunny Hills as they set the stage for the Guild's "Hoe-Down" or just

plain Barn Dance on June 18 at McNear's Barn located at McNear's Beach east of San Rafael. Guild members from left, are Mesdames David Geoffrion, Gordon Dunn and Otto Jacobson.

## Few Vacancies Still Remain In Program Of Day Camping

"Mom, what can we do now?" Time is coming soon. The long summer days may drag for some, but for Marin County Camp Fire Girls things are humming. Day camping, resident camping, cooking classes, and some regular group meetings will fill many hours.

Many reservations are already in for Day Camping for second, third, and fourth grade girls, but there are still a few vacancies in Session 3 to be held at Paradise Park, Tiburon, from July 18 to 28. The Day Camp program will center around the "Gypsy" theme.

Through activities of nature lore, outdoor cooking, dramatics, singing, story telling, and games, the girls will learn of the culture of the European gypsies, which contributed so much to the romance and adventure of every day life.

Resident Camp at Camp Kilowana on Mt. St. Helena, Napa County, for girls from the second grade through high school has some places open in Sessions 2 and 3, June 30 to July 11 and July 11 to 22. Here the girls will find swimming, hiking, dramatics, crafts, archery, horseback riding, Council fires, singing, and many other memorable activities.

Both the Day and Resident camps are open to non-Camp Fire Girls for a slight additional fee.

A summer cooking class will be conducted for Camp Fire

## PUBLISHER TO BE WED

At the home of Mrs. Charles Ray in Sausalito at 7 o'clock tomorrow evening, Pearce G. Davies Jr., publisher of the Sausalito Gazette, will claim Mrs. Gayle Randall as his bride. Judge Leonard Thomas will officiate.

Mrs. DaSilva was presented with a gift from her officers and members of the Auxiliary.

Officers attending were Mesdames H. F. Augusto, Kay S. Bateman, Louise Moran, Luther Johnston, Jessie Taylor, Robert Bonn, Roy D. Curry, Helen Brown, Almarina Rocha and Miss Florine Hoffman. Trustee Mrs. Bessie Muriell was unable to attend.

Past presidents attending were Mesdames Dan Wilson and Joseph Serna, and mother of the Auxiliary for 1959-60, Mrs. C. D. Curtin.

## Carole DuVall Betrothed To Lance Morgan

Mr. and Mrs. Fred DuVall of San Rafael are announcing the engagement of their daughter, Carole, to Lance Moran, son of Mr. and Mrs. John A. Moran of San Rafael.

The bride-elect who is the sister of Mrs. Marlo Foster of Lynwood, Wash., and Mrs. Andrew Anderson of Greenbrae, was graduated from San Rafael High School. She attended College of Marin and is now employed at Luana's in San Rafael.

The prospective bridegroom was graduated from San Rafael High School and is attending San Francisco State College. He is majoring in business administration. Joan Moran of San Rafael is his sister. He is employed as a salesman with the Moran Record Systems.

Plans are being made for an August wedding.

## Mt. Carmel Club Bake Sale Sunday

Sunday the Mt. Carmel Women's Club will have a bake sale in the lower hall of the school after all masses.

Home cooked foods and baked items will go on sale for the benefit of the building fund.

Mrs. Joseph Nannery is handling the sale with the help of Mesdames J. R. Shepard, Franklin Smith, Edward Surles and Michael Jackowski.

Mrs. Nannery says, "Mrs. William Love has whipped up a storm in the kitchen and has come up with a surprise food item for sale that no one can afford to miss."

## Power Squadron Will Hear Author Gilliam

Harold Gilliam, author of the book "San Francisco Bay" will be the speaker tomorrow night at the Power Squadron's annual dinner and installation of officers. Gilliam is currently writing a series of articles in a San Francisco newspaper on early California.

The dinner, which will be a smorgasbord, will be served at the Southern Marin Recreation Center.

Officers to be installed are Dr. Albert Schwarz who has been re-elected commander; E. A. Cadogan, Lt. commander, and Gene Abbott, lieutenant. Special guests will be Mrs. Gilliam and Mr. and Mrs. Collis Hutsell. Mr. Hutsell is captain of U.S. Power Squadron, District 25 which is northern California.

Mr. and Mrs. Paul Lafferty and Mrs. Andrew Kopac are helping with the arrangements.

## Eagles Auxiliary Fetes President

San Rafael Auxiliary, Fraternal Order of Eagles 256, members and officers recently honored outgoing president Mrs. A. F. E. DaSilva at a dinner at Deer Park Villa in Fairfax.

Mrs. DaSilva was presented with a gift from her officers and members of the Auxiliary.

Officers attending were Mesdames H. F. Augusto, Kay S. Bateman, Louise Moran, Luther Johnston, Jessie Taylor, Robert Bonn, Roy D. Curry, Helen Brown, Almarina Rocha and Miss Florine Hoffman. Trustee Mrs. Bessie Muriell was unable to attend.

A family dinner will follow the ceremony. The couple will return from a honeymoon trip of unannounced destination to reside in Sausalito.

Past presidents attending were Mesdames Dan Wilson and Joseph Serna, and mother of the Auxiliary for 1959-60, Mrs. C. D. Curtin.

### CORINTHIAN YACHT CLUB PLANS COMMODORE'S LUAU TOMORROW

Polynesian clothes will be in order when the Corinthian Yacht Club holds its annual Commodore's Luau tomorrow night at the Club, according to Mrs. Ronnie Buist, wife of the Commodore.

Tropical food will be served and the club will be decorated with gay Polynesian decorations. A Little Grass Shack has been erected on the stage in front of which the Nani Iolani dance group from the Southern Marin Recreation Center will perform.

A portion of the proceeds will be donated to the American Red Cross for use in relief work in the city of Hilo which recently suffered major damage from a tidal wave.

Mrs. Nicholas Pederson is in charge of the decorations. She is being assisted by Mesdames William Spindler, Wesley Costello, James Ahern, Albert Hand, Paul Figour, William O'Connor, Robert Evans, John Malone, Rampton Harvey and Ronald Simpson.

Special table decorations in which the dessert will be served are being made by Mesdames Burbeck Johnson, Philip Wallace and Boyd Thompson.

Helping with the arrangements have been Messrs. Harlan Peterson, Ray Coleman, Harold Bender and George Coleman.

### Old Mill P-TA Lists New Officers

Incoming and retiring boards of Mill Valley's Old Mill School Parent-Teacher Assn. held a meeting at the school recently which provided new officers with the opportunity to discuss their duties with their predecessors.

The new board is composed of Mesdames John A. Thomson, president; Richard Jessup, first vice president Horace Schwartz, second vice president and program chairman; Tris M. Coffin, treasurer; and John Gardner, secretary.

Principal William Lovvorn will serve as honorary vice president.

Appointed by Mrs. Thomson as committee chairmen for 1960-61 are Mesdames Keith Cooke, library; Hugh James, finance; Alfred Rider, health;

Edmund Gross, membership; Eugene Hecht, magazines; Walter M. Bortz, movie and TV; Wayne Daniels, room representatives; Ralph V. Core, ways and means; Donald D. DuPertuis, extracurricular program.

Others are Mesdames Larry Brink, school board representative; Leo V. Killion, newsletter; Dennis Truelove, historian; T. E. Theiss Jr., parliamentarian; F. W. Guerin, home notices; Frances Forrest, hospitality; C. Lyle Cummins Jr., publicity; Timothy Grul, music; Maurice Leonard, school education; William Garoutte, education council representative; and Madeline Carner, teacher representative.

### Couples Club Ending Its Spring Season

The last spring meeting of the Couples Club will be held on Monday, June 13 at 6:30 p.m. in the Geneva Room of the San Rafael Presbyterian Church. Reservations will be necessary. The main feature of the evening will be "Adventures in Music and Sound." Reservations may be made by calling Mrs. Robert Nelson, San Rafael.

### Buying Blankets? Read The Labels

URBANA, Ill. (UPI) — The many kinds of blankets on the market today will give different kinds of service.

Jane Werden, home economist at the University of Illinois, advises brides to check on fiber content and care of blankets before buying.

Synthetic blankets have much to recommend them, Miss Werden said. They're easy to care for, launder, do not shrink and need no mothproofing. Synthetics can also be as warm as wool and weigh less, but Miss Werden cautions that most synthetics pull and generate static electricity.

Rayon blankets cost less than true synthetics and come in more colors. But they are not as warm as the more resilient synthetics and won't spring back after crushing, Miss Werden said.

Read the labels to determine fiber content, Miss Werden said. The generic names of synthetic fibers now used in blankets are acrylic, modacrylic and nylon. Most labels will carry these names as well as such trade names as Orlon and Acrlan.

## Fashion Focus Will Honor United Cerebral Palsy, Inc.

Around the pool on Tuesday at Rickey's popular Fashion Focus luncheon, the John Robert Powers "Band Box" models will show how to be fresh, feminine and fastidious all summer long, as the fashion luncheon honors United Cerebral Palsy of Marin, Inc. for its outstanding work.

Promenading under gay umbrellas in sun, fun, dinner and dancing fashions from a San Rafael specialty shop will be Jan Siemens, a student at the

College of Marin, Lola Selleck, a 1960 graduate of Marin Catholic High School and Barbara Shadie, a junior at San Rafael High School.

Joining them will be Powers models Barbara Dupuis, a senior at Redwood High, Judy Grow, also a senior at Redwood, Marilyn Kascel and Margo Stansell, two graduating Drake High seniors.

While Fashion Focus is honoring United Cerebral Palsy, Inc., the John Robert Powers models will be giving of their time and talents to show their interest in United Cerebral Palsy, Inc. The models themselves, headed by Margo Stancell, as chairman of the day, have gathered a wonderful array of surprises including a complete self-improvement course, and the proceeds will go to boost the fund for cerebral palsy in Marin.

Besides the delightful, colorful, and cool fashions for summer that give the band box look, the models will show the best coiffures to glide through summer styled by a San Rafael salon.

The popular poolside lunches are open to the public and reservations may be made by calling Rickey's.

**Spinning Spur Party**

Spinning Spur square dance party night will be Saturday at the IDESI Hall in Novato from 8 o'clock until 12. Bob Page will be the caller. All square dancers are welcome. Refreshments will be served and prizes awarded. In charge of arrangements are Robert Crowhurst and Ray Elliotts.

### Expert Suggests Family Research

ITHACA, N.Y. (UPI) — We know more about how to launch a successful satellite than a successful marriage," says Prof. Harold Feldman, of the New York State College of Home Economics.

"If something goes wrong with a satellite," he said, "tremendous resources are used to understand the problem. Imagine the kind of new world that might open to us if we were to channel the same amount of energy toward understanding the family."

Prof. Feldman maintained that humans still are living in the dark ages when it comes to understanding the family.

"There is little knowledge about problem areas — divorce and mental illness," he said.

## Babysitters, Parents Line Up Against Congressional Proposal

By U.P. INTERNATIONAL

The nation's babysitters and the parents who pay them lined up solidly today against a recent congressional proposal to tab their fees for social security deductions.

A Boston mother of four teen-age girls who work as babysitters appeared to set the tone for the UPI survey:

"I think this is ridiculous," said Mrs. Marie Callahan, "My 16-year-old, the youngest, now sits every Saturday night. Actually, she just earns enough to pay for her school lunches."

A placement counselor for high school girls in New York City called the bill a "stupid measure."

"It's no good for the child. When you begin drawing social security payments you get an average of all that money that has been paid out in a lifetime."

"If you're going to get pennies, that's going to pull your overage down. When a person is 65," he added, "he wants to forget about the pennies he or she earned at 16."

The counselor, Matthew Gormley, said the administrative machinery required to keep a check on babysitting payments would cost more than it was worth.

A 16-year-old baby-sitter in Kansas City, Mo., hadn't heard of the bill until asked her reaction to it.

"Are you kidding? I don't think there's one woman in 100 who will bother to keep those records and collect the tax from her babysitters," she said.

A Kansas City mother of

three babysitting teen-agers said, "Sounds to me like the proposition will mean about five dollars worth of bookkeeping for five cents worth of taxes."

In San Francisco, a group of parents said they would swap

### Needlework Guild New Officers Hold First Meet

Mrs. Arthur Luchetti, president of the San Rafael branch of the Needlework Guild, held the first meeting of the new term recently at her home in Corte Madera.

The new officers are Mesdames Charles Tacchi, first vice president; Oscar Oliphant, second vice president; Eleanor Henry, treasurer and shoe chairwoman; Walter A. Barnes, secretary, and George Ballantine, junior chairman.

Invitations were extended to 14 section presidents or their representatives — Mesdames George Connors, Carlo Caletti, Anne Malone, Frank Boileau, William Vaning, John Curtin, R. L. Griffith, Louis Walsh, Don McSaacs, J. K. Wheary, Elmer Howell and the Misses Georgia Wintringham and Florence Locke.

Mrs. Louis Walsh, retiring president, reported 3,233 articles were collected at the last "ingathering" and distributed to nine agencies. Thirty-five pairs of shoes and nine handmade afghans were also distributed. Shoes are purchased with any contribution which may be received by the Needlework Guild. San Rafael branch consists of 46 directors assisted by 781 members. Membership in the guild consists of a contribution of two new garments a year.

Plans were outlined for the coming year with emphasis on spreading the importance of the work of helping the needy through the Needlework Guild whose slogan is "The charity that helps other charities."

babysitting hours with neighbors or friends rather than become involved in additional taxes.

Two baby-sitting employment agencies in Dallas, Texas, agreed that such a tax would be "unworkable because of the complex bookkeeping involved."

"Some babysitters work for as many as 62 different families a year," said a spokesman for the city's ABC baby sitting service.

Gail Bond, 17, said she thought such a tax "Would be terrible."

"Gosh, I sit about 80 nights a year," she said. "I only charge 50 cents an hour. But if I had to pay a social security tax, I'd sure raise it to 60 cents."

But two girls who thought the idea was a good one were Marie Newman, a teen-age babysitting veteran of three years service in Kansas City, and Marianne Peterson, 17, San Bruno, Calif.

"I think it's a wonderful idea," Miss Newman said. "It would give us higher prestige for job and make babysitting a higher type of employment."

Miss Peterson said "Because of babysitting jobs I am able to buy myself many things that I wouldn't ordinarily have, so I think it's only fair to pay some form of tax."

Appointments announced by Mrs. Robertson were Mesdames

## Golden Star Lodge Honors New Deputy

Mrs. John Robertson, new district deputy president, District 61, Rebekah Assembly of California, was escorted to a seat of honor at the recent meeting of Golden Star Rebekah Lodge 112 at IOOF Temple, San Rafael, by Mrs. Frank Kinsel, conductor (pro tem). Mrs. Robertson said the new president of the Rebekah Assembly, Nelle M. Mertens of Palo Alto, has as her motto "Give Of Yourself" and her theme "Keep Fraternity Rolling." Her colors are American beauty, aqua and silver and her sons, "Smiles" and "Bless This Lodge." Her flowers are the American beauty rose and pink magnolia.

Mesdames James Rove, Ralph Stephenson and Harry E. Wall, the latter junior district deputy president of District 61, delegates to the Rebekah Assembly, gave their reports.

The Golden Star meeting which Mrs. James Williams, noble grand, conducted was preceded by a potluck supper. Mrs. Arthur Blake, chairman of it, was assisted by Mesdames Richard McIntosh, Herbert Cranton, Frank Kinsel and A. B. Hicks.

Next meeting of the lodge will be June 16. Games will be played and refreshments served. Mrs. Harold Marple will be chairman.

## League Unit To Hear Consultant

"How Can the School Psychologist Help the Problem Child?" is to be the topic for the meeting of the Strawberry Unit of the Family Service League on Tuesday, June 14 at 10 a.m. at the home of Mrs. William B. Daly, 272 Ricardo Road in Strawberry.

Bob Davidson from the guidance consultant department of the Mill Valley and Reed School Districts, will talk and answer questions about the guidance facilities available through our school systems.

This year, the Strawberry branch of the league, under the leadership of Mrs. Tom Groody, has been developing a study program exploring the problem of parent education in the prevention of delinquency.

This will be the last meeting of the season of this group, but in the fall, all branches of the Family Service League again will be active in support of the Family Service Agency of Marin County, which is a professional counseling service for individuals and families with problems.

## MV Women Voters To Hold Swim Party

The annual meeting and swimming party of the League of Women Voters of Mill Valley will be held Wednesday at the Belvedere Lagoon home of Mrs. E. Allen Steinau Jr.

Featured during the morning business session starting at 10 o'clock will be a discussion led by Mrs. Salem Rice of summer and fall plans to arouse the Mill Valley-Tiburon area to the need for a new California constitution.

Stressed will be the desirability of a body of statutory law to supplement the 1876 California constitution.

After the discussion new board members will be introduced and fall plans reviewed for voters service, finance and legislative action. Following an informal luncheon members and guests will spend the afternoon swimming, boating and sunning.

RAFFIA DOLLS, BASKETS and hats were among the many articles featured on display when the four Belvedere Guilds of Sunny Hills turned out at the recent tea in the home of Mrs. Wallace Scott on the Belvedere Lagoon. The tea marked the beginning of the work period between now

and Oct. 1 when the Grape Festival will take place. Guild presidents pictured with the items to be sold at the Festival include, from left, Mesdames Charles Berry, Thomas Ward, Herbert Spilman and Leslie Daggett. (George Wheeler photo)

## Sunny Hills Belvedere Guilds Hold Festival Kickoff Work Tea

The four Belvedere Guilds of Sunny Hills turned out in full force recently to start a concentrated work period between now and Saturday, Oct. 1, when the Grape Festival will take place.

Hostesses for the afternoon were members of the Sunny Hills Board who live in the Belvedere area. Those members greeting guests were Mesdames William Booth, Harriett Fletcher, Russell Keil, Sydney Peters, Wallace Scott and E. M. Sheldon.

Honorary hostesses and those pouring at the tea table included Mesdames Edward Brash,

Norman Halloran, James Lewis, Frederick Q. Tredway and George Stephens, as well as the overall president of the groups, Mrs. Harry B. Allen.

Social chairmen for the four Belvedere Guilds are Mesdames David N. Sederquist, Frank White, A. Donham Owen and George Banning.

Tea chairman for the festive event was Mrs. John Muir, as assisted by Mrs. Harry Duncan.

Executive committee for the four Belvedere Guilds are the Mesdames Harry Allen, president; Harry Duncan, vice president; Walter Bogel, treasurer, and John Muir, secretary.

The famous hot cinnamon rolls and tea served from Mrs. Allen's secret family recipe was a highlight of the afternoon.

Among the crowd of 150 who attended were regular, honorary, inactive and potential members of the four Belvedere Guilds, as well as all of the Board of Sunny Hills.

Interesting was the display of wares which will be on sale when the 61st annual Grape Festival takes place in October. Modeling clothes at the locale of the tea, Mrs. Wallace Scott's home on the lagoon, were members of Belvedere Guild No. 1, who delighted the guests with their display of summer and sport skirts and a smart new novelty clutch bag.

Belvedere Guild No. 2 showed satin evening bags, project

of their members, and as usual an unusual selection of ceramics, also made by the group.

Two new projects of Belvedere Guild No. 2 are in the making for this year's Festival. One will be Holiday Murals designed from beads, buttons and jewels, the brain child of Mrs. Ernest Weihe. Another clever project has been started by Mrs. Stewart Hopps, called Memory Bouquets; these are in exquisite frames.

Belvedere Guild No. 3 will again feature as a prize a hand knitted dress of silk made to order for the winner by Mrs. Harry C. Duncan of Belvedere, noted knitting artist. Other featured additions of Belvedere Guild No. 3 are Japanese wind socks, raffia dolls, hats, gloves, dried flowers and cornucopias.

Belvedere Guild No. 4, whose chutney is famous all around the county, will do a repeat on the plum and peach favorites. They will also feature their usual spiced vinegars, spices in jars, and an unusual selection of petite toy animals.

## Femineers To Attend Ball Game

On June 14 The Femineers and their engineer husbands will go "out to the old ball game" to cheer for the San Francisco Giants when they meet the Pittsburgh Pirates at Candlestick Park.

Cocktails and dinner will be enjoyed "On the Main Stem" in San Francisco and the group will then board chartered buses to the ball park.

In charge of the outing is Mrs. B. H. Randolph, who is assisted by Mrs. Fred A. Nicholson of Corte Madera and Mrs. William Enkeboll of Greenbrae. Cocktails will be served at 5:30 p.m., with the buses departing at 7 p.m. from 761 Market Street, San Francisco.

Marin members planning to attend include Messrs and Mesdames Enkeboll, Nicholson, Barry Cooke, William Keener, Fred Madigan, William Brewer, Les Graham, Edward McKeon and Robert Lawson.

The Femineers recently received a letter of gratitude from the regents of University of California regarding the most recent Femineer scholarship to that school. This scholarship is awarded to a Bay Area student in the field of engineering. Funds for this are obtained by The Femineers Golden Fleece Benefit Dinner Dance held the second Saturday of November each year.

## LUNCHEON AT RIZNIK'S ROSS HOME

The hilltop home of Mr. and Mrs. Carl Riznik of Ross was the delightful setting for the luncheon she and Mrs. Lewis A. Clapp gave on Wednesday. Mrs. Clapp is the retiring president of the San Rafael Improvement Club and Mrs. Riznik is first vice president. Guests included the other board members.

Small luncheon tables were set on the oak shaded terraces. A number of the guests remained to play bridge after luncheon.

Invited were Mesdames Sydney Frank, Earl W. Burns, William P. Held, Thomas M. Shine, Herbert G. Christ, Lawrence Cowen, Cleatus Fitzharris, Garry Gast, Harold Geister, Douglas Godfrey, Carroll Thomas, Kenneth Walkmeister, Leon Elder, Richard Mittelstaedt, Elie Dalton, G. B. Flood, Charles Taichi, Louis L. Walsh, Eldred B. Hillis, Norris M. Rawles, Sanford N. McLaughlin, Fleeta Triee, James S. Goodale, Florence Donnelly, Louis Yuvan, John N. Raymond, Marie Robinson, S. W. Kramer, John McPhail, Carl K. Schieck, Wilbur C. Lowe, Richard Hardin, Walter Lethbridge, Leonard Tew and John Pitcher.

Outgoing officers of the club are Kathi Cazassa, president; Bonney Currey, vice president; Susie Wallace, secretary; Maryann Crozier, Judy Johnson, Kathie Kagan, Sally McCallum, Beth McKinnon, Kathy Shelley, Susie Wallace and Sue Ginther. Bonney Currey will do the commentary.

### Button-Pushing

The button-pushing mania has moved into the bedroom. The bedroom button activates an electrically-controlled mechanism used in place of a standard box spring. When the unit is in place, you can change the position of the bed with a flick of a switch. You can contour it into positions for reading, writing, eating, television watching—or just sleeping. At full contour height, the user's head is elevated at a 70 degree angle; his feet are five inches above the hips.

## Tri Hi Y Sets Style Show, Aquacade

The Bakers Dozen Tri Hi Y group composed of sophomores at San Rafael High School will present a fashion show and aquacade on Sunday at the Cazzasa home, 50 Manderly, Loch Lomond, San Rafael. The group is affiliated with the YMCA. Proceeds of the show will go to the annual World Service drive.

Modeling in the fashion show will be Linda Brigham, Carol Brown, Maureen Callon, Cheryl Cattaneo, Kathi Cazassa, Maryann Crozier, Judy Johnson, Kathie Kagan, Sally McCallum, Beth McKinnon, Kathy Shelley, Susie Wallace and Sue Ginther. Bonney Currey will do the commentary.

### Bridge Luncheon

The Bridge Club section of the Indian Valley Club met for its luncheon on June 6 in the clubhouse. High score was made by Mrs. John Garatti, and second by Mrs. Lee Wise. The Penny Pot was won by Mrs. C. M. Arnold. The next affair is scheduled for June 17.

**RESEARCH VESSEL**

The newest and largest ship in the University of California's sea-going fleet, the research vessel Argo, docked in San Francisco on her maiden voyage from Seattle to San Diego. The Argo was a former US Navy salvage ship and was refitted

at a cost of \$1,250,000 as a completely equipped floating oceanographic laboratory. The Argo and a crew of U.C. scientific personnel will set sail this summer on a six-months, 32,000-mile voyage through the Pacific and Indian Oceans.

**30 Persons In Fallout Shelter Find Boredom Worst Hazard**

PITTSBURGH (UPI) — Boredom is the worst hazard for 30 persons — from seven to 72 — living in a make-believe fallout shelter under conditions similar to an atomic war.

Civil defense officials reported satisfaction with the volunteers housed in a 12 by 20-foot refuge since Sunday. Scientists are keeping close tab on reactions of the volunteers who will not emerge from the shelter until June 19.

The experimentees have displayed a high morale and adaptability. Edward Yackel, group leader, set up a committee system to ease the routine of living.

The recreation committee is the busiest because it must think up ways of maintaining interest and preventing boredom. Talking appears to be the most popular recreation with "lots of kidding around," according to Dr. James W. Altman.

Card games are most popular with poker the most frequently played. There are occasional bridge games. Chess and checkers also help while away the time.

**Fire Commission To Talk Budget**

The Tiburon Fire Protection district commission will hold its final 1960-61 budget hearings Monday at 7:30 p.m. in the Tiburon Boulevard firehouse, commission secy. Kelly J. Wheeler said.

The preliminary budget to total \$58,211 and commissioners estimated the tax per \$100 assessed evaluation between 63 and 65 cents. The present tax rate is 87 cents per \$100 assessed evaluation.

Members of the district are invited to attend the meeting.

**Novato Gas, Electric Rates Due For A Drop**

Novato gas and electric rates probably will go into a lower classification—sooner or later—is the word from Pacific Gas & Electric Co.

The assurance comes in answer to questions raised following promises made last January by some candidates for city council and by some incorporation boosters.

About 95 per cent of the 3,500 to 4,000 meters within the Novato city limits now are in a "5" rate area, meaning about 55 electrical meters and 60 gas meters are hooked into an average mile of gas main or electric line.

To go to a "4" classification, the company requires there be 70 electric and 90 gas meters on an average mile of line.

The listing as a "4" zone in Novato would mean the average domestic gas bill would be 45 cents less each month; the average domestic electric bill, 31 cents less a month.

The figures come from Lee Wise, manager of the Novato P.G. & E. office, who explained that rate setting depends on meter density on gas-electric lines, not just population within a city's limits, which was the old method of figuring rates.

The rate drop for Novato could easily occur in the next couple years," Wise said.

The "5" rating has been applied to most of the Novato area for about 10 years, he said. The "4" rate probably is the most common in Marin. Company policy says that electric and gas rates rise or fall together.

P.G. & E. now has a request before the State Public Utilities Commission to raise gas rates throughout its area of operation.

**Thief Takes Cash At School Shop**

A thief broke into the general shop building at San Rafael High School and stole about \$25 to \$30 in cash, Principal Ralph Phelps told police Tuesday.

The break-in occurred sometime between Friday and Monday the principal told police.

The burglar used a rock to break a window on the west side of the building for entry. The money was in a cash box inside the instructor's desk drawer. Nothing else seemed to be disturbed.

Thomas A. Nunes, Jr., son of Mr. and Mrs. Tom A. Nunes of 1500 Lucas Valley Road, San Rafael, will receive a two-year technical certificate in dairy husbandry.

**Captain Awarded Air Medal For Handling Disabled Jet**

Capt. Richard Collins, Ignacio, has been awarded the Air Medal for "outstanding ability" in safely landing his disabled jet last November.

Collins was on a "scramble" defense mission from Hamilton Air Force Base where he is stationed, when cockpit pressure dropped in his F-104. Collins dropped to a lower altitude and turned toward the base when the control stick went into full forward position, indicating a possible automatic ejection for Collins.

He released the stick but was not ejected from the plane. The stick now moved freely, but there was no elevator control. He used elevator trim and power to climb again and headed for the Santa Rosa airport, dropping fuel, where he landed safely.

Collins has 1,680 flying hours, including 280 in the F-104. The

**On Award Jury**

Walter Van Tilberg Clark of Mill Valley, a professor at San Francisco State College, served as a member of the award jury for the 1960 Phelan Awards given to California-born writers from 20 to 40 years old.

RICHARD COLLINS

Medal for Ability

Air Medal is rarely awarded in peace time.

Collins was graduated from the Naval Academy in 1953, had pilot's training with the Navy and then transferred to the Air Force.

He is assistant operations officer with the 83rd Fighter Interceptor Squadron at Hamilton. He lives with his wife and son at 1012 Shafer Drive, Ignacio.
